

Chairman Welcome Message

Welcome...!!!

Dear colleagues and scientists,

It is a great pleasure and honor to invite you all for our prestigious conference “7th International Congress and Expo on Bioscience and Biotechnology” Which scheduled to be held at Paris, France during September, 23-24, 2019. It is an inquisitive conference to foster the progress in the field of biosciences and biotechnology and their various different applications. On behalf of the organizing committee we requesting you to join this international event and we do welcome all of you.

It is really an eminent conference driven by scientific federation for all the energetic candidates who waiting to exhibit the extensive knowledge with selected significant inventors and skilled researchers as well as leading scientists in different topics in this great field.

The great scientist Albert Einstein said: Imagination is more important than knowledge. For knowledge it is limited, whereas imagination embraces the entire world, stimulating progress, giving birth to evolution.

I believe that there is no innovation without imagination that is why we choose the Theme of our conference: Aspiration, Inspiration, and Powerful imagination in bioscience and biotechnology.

I do welcome you in our event at the beautiful city Paris and hope we will all together make a successful meeting and productive networking.

Thanks

Prof. Mohamed El-Far
Chairman of the conference
