Welcome Message

Dear All,

ICEFSID-2018 welcomes you to International Congress and Expo on Flu Science & Infectious Diseases during August 20-21, 2018 at Paris, France which will bring together world leaders in their respective fields in the fascinating environment of Paris, France. ICEFSID -2018 will provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Professors, Directors, Researchers, Associate Professors and Scholars from both academia and industry. This program provides two days of robust discussions on recent advancements and new strategies for development of new researches for global requirements.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Flu Science research.
- To identify research and practice based innovations in optimizing Flu Science research and development.
- To debate gaps and priorities for sustainable development in optimizing Flu Science research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Flu Science research and development reforms.
- To identify opportunities for evidence-based practice in optimizing Flu Science research and development.

Our pleasure to meet you in upcoming event...!!!

Best Regards
Organizing Committee

Conference Highlights

- Acquired immunodeficiency syndrome-AIDS
- Adenovirus infections
- Air-borne infections
- Amoebiasis
- Anthrax
- Antimicrobial resistance
- Avian influenza
- Bacterial infections
- Bacterial meningitis
- Blood-borne infections
- Bio safety
- Campylobacteriosis
- Conjunctivitis
- Corynebacteriaceae
- Dengue virus
- Ebola virus
- Epidemiology
- Food-borne infections
- Fungal infections
- Gastrointestinal disease
- Hantavirus
- Hantavirus infections
- Influenza virus

For Abstracts Submission: <http://scientificfederation.com/flu-science-2018/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Pietro Mastroeni
University of Cambridge, UK

Santha Muller
Fiji National University, Fiji

Walid Abuhammour
Michigan State University, USA

Mina Thabet
Minia University, Egypt

N. S. Neki
Government Medical College and Guru
Nanak Dev Hospital, India

Ali Ghorashi
Charles Sturt University, Australia

Jianqiang Ye
Yangzhou University, China

Alireza Heidari
California South University, USA

About Paris

Paris is a city in the France, one of the most amazing places. It is known for ultramodern architecture and a lively nightlife scene which has been called 'The city of lights' and 'the culinary capital of the world'. Paris ranks in the world's most visited cities. The most Prominent landmark in Paris would have to be the Eiffel Tower. There are also more places to visit like Arc de Triomphe, Centre Georges Pompidou. There are some more attraction in Paris like Louvre, Musee de L'Air et de L'espace, Musee de L'orange, the Pompidou center and the Orsay museum

Important Dates

Abstract Submission Opens: September 30, 2017

Early bird registration: November 24, 2017

Standard Registration: March 28, 2018

On spot registration: August 20, 2018

Venue

Paris, France
