Welcome Message

Dear All,

Biotechnology and Bioengineering Conference welcomes you to “**3rd International Congress & Expo on “Biotechnology and Bioengineering (ICEBB-2018)”** during **June 25-26, 2018 at Kuala Lumpur, Malaysia** which will bring together world leaders in their respective fields in the fascinating environment of Kuala Lumpur, Malaysia. Biotechnology and Bioengineering Conference is to explore on Current Issues of biotechnology and bioengineering, Agriculture Biotechnology, food & brewing biotechnology, Plant Biotechnology, Medical Biotechnology, Industrial biotechnology, Nano-biotechnology, Bio-mining and Bioleaching, Microbial technology, Applied Biotechnology, Tissue Engineering, Biochemical engineering, Bioenergetics, Biomedical engineering, Bioprocess Engineering, Bio-mimetics, Genetic Engineering, Cancer Biotechnology, Bio-Mechanical Engineering, Pharmaceutical Biotechnology, Environmental Biotechnology, Marine, Aquatic and Ocean Biotechnology, Current Scenario in Biotechnology. This event gives a chance for all the professionals to gain and share information on Biotechnology and Bioengineering. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of Malaysia.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in biotechnology and bioengineering research.
- To identify research and practice based innovations in optimizing biotechnology and bioengineering research and development.
- To debate gaps and priorities for sustainable development in optimizing biotechnology and bioengineering research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing biotechnology and bioengineering research and development reforms.
- To identify opportunities for evidence-based practice in optimizing biotechnology and bioengineering research and development.

We look forward to seeing you in Kuala Lumpur, Malaysia in June, 2018...!!!

Best Regards

Biotechnology and Bioengineering Organizing Committee

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of biotechnology and biomedical engineering which brings well versed scrutinizers at one place.

- Agriculture Biotechnology
- food and brewing biotechnology
- Industrial biotechnology
- Nano-biotechnology
- Biomining and Bioleaching
- Microbial technology
- Applied Biotechnology
- Tissue Engineering
- Biochemical engineering
- Bioenergetics
- Biomedical engineering
- Bioprocess Engineering
- Biomimetics
- Genetic Engineering
- Cancer Biotechnology
- Bio-Mechanical Engineering
- Pharmaceutical Biotechnology
- Environmental Biotechnology
- Marine, Aquatic and Ocean Biotechnology
- Current Scenario in Biotechnology

For Abstracts Submission: <http://scientificfederation.com/biotechnology-bioengineering-2018/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Ahmed El-Kazzaz
National Research Centre, Egypt

Micheal Jones
Murdoch University, Australia

M. Raafat El-Gewely
UiT Arctic University of Norway,
Norway

Ali Karami
Baqiyatallah University of Medical
Science, Iran

Minoo Divakaran
Providence Women's College Kerala,
India

Maruf Hasan
Military Institute of Science and
Technology, Bangladesh

Sanjay Chinta
Gitam University, India

Abdul-Awal
Khulna University, Bangladesh

Riad Taha Al-Kasasbeh
Al-Balqa University, Jordan

Nashiru Billa
University of Nottingham, Malaysia

About Kuala Lumpur

Kuala Lumpur is the national capital of Malaysia as well as its largest city. Kuala Lumpur is the cultural, financial and economic centre of Malaysia, home to the Parliament of Malaysia, and the official residence of the Malaysian King, the Istana Negara. The city once held the headquarters of the executive and judicial branches of the federal government as well, but they were moved to Putrajaya in early 1999. Some sections of the judiciary still remain in Kuala Lumpur. Kuala Lumpur is one of three Federal Territories of Malaysia, enclaves within the state of Selangor, on the central west coast of Peninsular Malaysia. Since the 1990s, the city has played host to many international sporting, political and cultural events including the 1998 Commonwealth Games. Kuala Lumpur has undergone rapid development in recent decades. It is home to the tallest twin buildings in the world, the Petronas Twin Towers, which have become an iconic symbol of Malaysia's futuristic development.

Kuala Lumpur is a hub for cultural activities and events in Malaysia. Among the centres is the National Museum, which is situated along the Mahameru Highway. Its collection comprises artefacts and paintings collected throughout the country. The Islamic Arts Museum, which houses more than seven thousand Islamic artefacts including rare exhibits as well as a library of Islamic art books, is the largest Islamic Arts collection in Southeast Asia. The museum's collection not only concentrate on works from the Middle East, but also includes work from elsewhere in Asia, such as China and Southeast Asia. Kuala Lumpur has a Craft Complex coupled with a museum that displays a variety of textile, ceramic, metal craft and weaved products.

Important Dates

Abstract Submission Opens: July 10, 2017

Registration opens: July 12, 2017

Early bird registration: September 28, 2017

On spot registration: June 25, 2018

Venue

Kuala Lumpur, Malaysia
