

2nd Global Conference and Expo on

Applied Science, Engineering and Technology

October 15-17, 2018 at Amsterdam, Netherlands

*Theme: Contemporary Challenges in Applied Science,
Engineering and Technology*

Scientific Federation

Welcome Message

Dear All,

2nd Global Conference and Expo on Applied Science, Engineering and Technology during **October 15th-17th 2018 at Amsterdam, Netherlands**. 2nd Global Conference and Expo on Applied Science, Engineering and Technology is being organized by Scientific federation. Theme of the conference is "Innovative applied Science and Engineering Technology" which provides a valuable opportunity for all over world developers, researchers to engage in scientific discussion about the current research and latest advancement that help the world going forward. The Conference facilitates the exchange of new ideas in the fields of Internet Science and to create a dialogue between developer and educators to present and discuss the most recent innovations, trends and concerns, practical challenges and the problem solution adopted in the field of Applied Science Engineering and Technology

Applied Science-2018 will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry.

CONFERENCE OBJECTIVES:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Expo on Applied Sciences, Engineering and technology research.
- To identify research and practice based innovations in optimizing Expo on Applied Sciences, Engineering and technology Research and Development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Expo on Applied Sciences, Engineering and technology research and development reforms.
- To identify opportunities for evidence-based practice in optimizing Expo on Applied Sciences, Engineering and technology research and development.

Our pleasure to meet you in upcoming event...!!!

Best Regards
Conference Organizing Committee

Organizing Committee Members

Alexander G. Ramm
Kansas State University,
USA

Qing Quan Liang
Founder and President for AASCCS,
Australia

Ramesh K. Agarwal
Washington University,
USA

Miroslaw Kwiatkowski
AGH University of Science and
Technology, Poland

Hongwei Wu
University of Hertfordshire,
United Kingdom

Konstantin Borodianskiy
Ariel University, Israel

Mohammadreza Vafaei
Universiti Teknologi,
Malaysia

Ch. Sanjay
Gitam University,
India

Conference Highlights

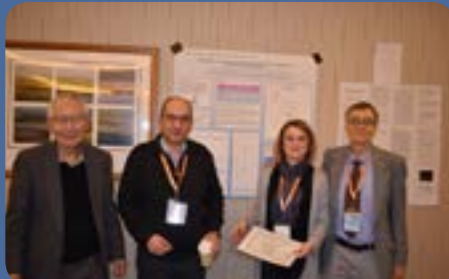

- Applied PHYSICS
- Theoretical and Computational Chemistry
- Biomedical Engineering
- Chemical Engineering
- Mechanical Engineering
- Civil Engineering
- Power & Energy Engineering
- Computer and Information Sciences
- Aeronautics & Aerospace Engineering
- Geosciences and Petroleum Engineering
- Material Science and Engineering
- Materials Science in Building and Construction Engineering
- Materials and Environmental Effects
- Advanced Materials and Tools
- Materials in Industry
- Materials Chemistry
- Nanomaterials
- Biomaterials
- Ceramics, Polymers and Composite Materials
- Electronic, Photonic and Magnetic Materials
- Metals and alloys
- Electronic, Photonic and Magnetic Materials
- Computer Science and Applications
- Oil, Gas, Energy & Mining Engineering
- Life Science Engineering
- Genetics
- Food & Agriculture Engineering
- Green technology
- Space Technologies
- Power Transmission and Distribution
- Materials recycling and other related topics
- Hydraulic and pneumatic systems
- Dynamics and Mechanical Vibrations
- Advances for Process Industries
- Automatic Process Control using Wireless Sensor Networks
- Energy Efficient Routing and Medium Access with Wireless Sensor Networks
- Indoor Localization and Tracking Algorithms
- Smart Home Automation Systems
- Green ICT Networks
- Artificial Intelligent System
- Data Mining and Knowledge Discovery
- Embedded and Network Computing
- Information Security
- Signal and Image Processing
- Disaster Prevention and Mitigation
- Cartography and Geographic Information System
- Communication Systems
- Atmospheric Diffusion
- Control of Toxic Gases

For Abstracts Submission:

<http://scientificfederation.com/applied-science-2018/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Glimpses of Previous Conferences

About Netherlands

The Netherlands, a country in northwestern Europe, is known for a flat landscape of canals, tulip fields, windmills and cycling routes. Amsterdam, the capital, is home to the Rijksmuseum, Van Gogh Museum and the house where Jewish diarist Anne Frank hid during WWII. Canalside mansions and a trove of works from artists including Rembrandt and Vermeer remain from the city's 17th-century "Golden Age."

The climate of the Netherlands is temperate, with gentle winters, cool summers, and rainfall in every season. Southerly and westerly winds predominate, and the sea moderates the climate through onshore winds and the effect of the Gulf Stream.

The Netherlands is a densely populated country in part reclaimed from the sea with about half of its land lying below sea level. Many tourists only come to the Netherlands to visit Amsterdam. But Holland has plenty to offer outside its capital. Crisscrossed with canals, the flat landscape is perfect for cycling with historic town centers, classic windmills and other tourist spots sprinkled across the country. In the west and north the long coastline is marked

Important Dates

Abstract Submission Opens: October, 25, 2017

Registration opens: October, 30, 2017

Early bird registration: January 26, 2018

Standard Registration : May 25, 2018

On spot registration: September 27, 2018

Venue

Hyatt Place Amsterdam Airport
Rijnlanderweg 800, Hoofddorp, 2132NN,
Amsterdam, Netherlands

For Registration
