Welcome Message

Dear All,

Scientific Federation invites all the participants from all over the world to attend **International Summit on Microbiology and Parasitology** during **October 25–26, 2018 at Prague, Czech Republic** which includes Keynote presentations, Oral talks, Poster presentations and Exhibitions.

ISMP–2018 will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry.

ISMP–2018 is anticipating participants from 40 and more countries across the globe and the three day conference will provoke Plenary sessions, Keynote speeches, Poster, and Oral presentations. This program provides three days of robust discussions on recent advancements and new strategies for development of new materials for global requirements.

Our pleasure to meet you in upcoming event...!!!

Young Researchers Opportunity:

We make sure to support and motivate 'Young Researchers' by:

- Establishing their academic and professional relationships
- Improving their morale and confidence of presenting research in an international platform
- Interacting with expertise in their respective departments
- Clearing your inhibitions of adjusting to the foreign environment
- Providing a holistic experience of academic tourism

Our pleasure to meet you in upcoming event...!!!

Best Regards

About Prague

Prague is the capital and largest city in the Czech Republic, in the 14th largest city in the European Union and also the historical capital of Bohemia. Situated in the north-west of the country on the Vltava river, the city is home to about 1.3 million people, while its larger urban zone is estimated to have a population of 2.6 million. The city has a temperate climate, with warm summers and chilly winters. Prague has been a political, cultural and economic centre of central Europe complete with a rich history.

Prague is home to a number of famous cultural attractions, many of which survived the violence and destruction of 20th-century Europe. Main attractions include the Prague Castle, the Charles Bridge, Old Town Square with the Prague astronomical clock, the Jewish Quarter, Petřín hill and Vyšehrad. Since 1992, the extensive historic centre of Prague has been included in the UNESCO list of World Heritage Sites.

The city has more than ten major museums, along with numerous theatres, galleries, cinemas and other historical exhibits. An extensive modern public transportation system connects the city. Also, it is home to a wide range of public and private schools, including Charles University in Prague, the oldest university in Central Europe.
