

Global Conference on  
**Plant Biology**

October 25-26, 2018 Prague, Czech Republic

*The Value of Plant science Research, Herbal and Natural Products  
to Future Pharmaceutical Discovery*

**Scientific Federation**

## Welcome Message

Dear All,

Scientific Federation invites all the participants from all over the world to attend **Global Conference on Plant Biology** during **October 25–26, 2018 at Prague, Czech Republic** which includes Keynote presentations, Oral talks, Poster presentations and Exhibitions.

**GCPB–2018** will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry.

**GCPB–2018** is anticipating participants from 40 and more countries across the globe and the two day conference will provoke Plenary sessions, Keynote speeches, Poster, and Oral presentations. This program provides three days of robust discussions on recent advancements and new strategies for development of new materials for global requirements.

### **CONFERENCE OBJECTIVES:**

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Plant biology research.
- To identify research and practice based innovations in optimizing Plant biology research and development.
- To debate gaps and priorities for sustainable development in optimizing Plant biology research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Plant biology research and development reforms.
- To identify opportunities for evidence–based practice in optimizing Plant biology research and development.

**Our pleasure to meet you in upcoming event...!!!**

**Best Regards**  
Conference Organizing Committee

## Conference Highlights

- Co–evolution
- Lepidoptera
- Phytochemistry
- Plant–insect interactions
- Plant and insect population and community ecology
- Soil Nutrients
- Conservation and development in poor countries
- Plant–pathogen coevolution
- Evolution of plant defense proteins
- Plant community ecology
- Plant ecophysiology
- Plant invasions
- Plant population ecology
- Restoration ecology
- Terrestrial systems
- Plant community ecology
- Plant invasions
- Plant population ecology
- Restoration ecology
- Terrestrial systems
- Study of gene flow and hybridization
- Classical biological control of non–native aquatic and terrestrial invasive plants
- Plant Ecophysiology
- Plant Invasions

### **For Abstracts Submission:**

<http://scientificfederation.com/plant-biology-2018/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

## Organizing Committee Members

**Mohammad Kamrul Hasan**  
Bangladesh Agricultural University,  
Bangladesh

**Claude BAKOUME**  
Institute of Agricultural Research for  
Development, Cameroon

**Cheema, Mumtaz A**  
Memorial University Grenfell Campus,  
Canada

**Banu Prakash**  
Mizoram University, India

**Renu Deswal**  
University of Delhi, India

**Victor Balabanov**  
Russian Timiryazev State Agrarian  
University, Russia

**Elster Josef**  
University of south Bohemia, Czech  
Republic

**Meera Srivastava**  
Govt. Dungar College, India

**Umesh Thapa**  
State Agriculture University, India

**Bhabatosh Mitra**  
Fakir Mohan University, India

**Darwesh Ssrasmia**  
Agriculture Research Center, Egypt

**Khaled Mousa Al-Absi**  
Mutah University, Jordan

## Glimpses of Previous Conferences

## About Prague

Prague, capital city of the Czech Republic, is bisected by the Vltava River. Nicknamed “the City of a Hundred Spires,” it’s known for its Old Town Square, the heart of its historic core, with colorful baroque buildings, Gothic churches and the medieval Astronomical Clock, which gives an animated hourly show. Completed in 1402, pedestrian Charles Bridge is lined with statues of Catholic saints.

Prague is home to a number of famous cultural attractions, many of which survived the violence and destruction of 20th-century Europe. Main attractions include the Prague Castle, the Charles Bridge, Old Town Square with the Prague astronomical clock, the Jewish Quarter, Petřín hill and Vyšehrad. Since 1992, the extensive historic centre of Prague has been included in the UNESCO list of World Heritage Sites.

The city has more than ten major museums, along with numerous theatres, galleries, cinemas and other historical exhibits. An extensive modern public transportation system connects the city. Also, it is home to a wide range of public and private schools, including Charles University in Prague, the oldest university in Central Europe.

### Important Dates

Abstract submission Opens: November 20, 2017

Registration Opens: November 30, 2017

Earlybird Registration: March 30, 2018

On spot registration: October 25, 2018

### Venue

Prague,  
Czech Republic

### For Registration
