

2nd International Conference on

Renewable & Non Renewable Energy

November 15-16, 2018 at Dallas, USA

Theme: Future Fuels: A Revolution in All Aspects of Energy Sources

Scientific Federation

T: +91-779-979-0001 / +91-779-979-0002

Welcome Message

Dear All,

Scientific Federation invites all the participants from all over the world to attend **2nd International Conference on Renewable & Non Renewable Energy Sources** during **November 15–16, 2018 in Dallas, USA** which includes Keynote presentations, Oral talks, Poster presentations and Exhibitions.

Renewable & Non Renewable–2018 will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry. The main theme of the conference is a Revolution in all aspects of energy sources

CONFERENCE OBJECTIVES:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Renewable & Non Renewable Energy Sources research and development.
- To identify research and practice based innovations in optimizing Renewable & Non Renewable Energy Sources
- Research and Development.
- To debate gaps and priorities for sustainable development in optimizing Renewable & Non Renewable Energy Sources research and development.
- To discuss and debate the challenges and opportunities in the new era of Renewable & Non Renewable Energy Sources research reforms.
- To identify opportunities for evidence–based practice in optimizing Renewable & Non Renewable Energy Sources research and development.

Our pleasure to meet you in upcoming event...!!!

Best Regards
Conference Organizing Committee

Organizing Committee Members

Changying Zhao

Chair professor and Director of
SJTU, China

Mohammad A Khaleel

Associate Laboratory Director of
Oak Ridge National Laboratory,
USA

Gordon Huang

University of Regina
Canada

Mahmood Jabareen

Technion–Israel Institute of
Technology, Israel

Hefa Cheng

Chinese Academy of Sciences,
China

Ping-Feng Pai

National Chi Nan university,
China

Bolysbek Utelbayev

KBTU
Kazakhstan

G Q Chen

Peking University
China

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Renewable & Non Renewable Energy which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at Renewable & Non Renewable-2018. We request you to submit a brief idea or abstract of your talk/presentation/symposium/workshop according to your session interest.

- Solar Energy Generation
- Wind power Generation
- Hydro Power Generation
- Sustainable and Green Energy
- Biofuel, Biomass, Bio-gas
- Energy and Environment
- Marine Energy
- Biorefineries
- Integrated Biorefineries
- Waste valorization
- Biopolymers
- Energy Conversion and Management
- Energy and Environment
- Energy Storage
- Marine Energy
- Geothermal
- Energy & Resource Recovery
- The impact of climate change
- Waste & Cleaning Management
- Wave power Generation
- Waste Recycling

Glimpses of Previous Conferences

About Dallas

Dallas is a city in the U.S. state of Texas. It is the most populous city in the Dallas–Fort Worth metroplex, which is the fourth most populous metropolitan area in the United States. The city's population ranks ninth in the U.S. and third in Texas after Houston and San Antonio. [8][9] The city's prominence arose from its historical importance as a center for the oil and cotton industries, and its position along numerous railroad lines. The bulk of the city is in Dallas County, of which it is the county seat; however, sections of the city are located in Collin, Denton, Kaufman, and Rockwall counties. According to the 2010 United States Census, the city had a population of 1,197,816. The United States Census Bureau's estimate for the city's population increased to 1,317,929 as of July 1, 2016.[10]

Preceded by thousands of years of varying cultures, the Caddo people inhabited the Dallas area before Spanish colonists claimed the territory of Texas in the 18th century as a part of the Viceroyalty of New Spain. Later, France also claimed the area but never established much settlement.

Important Dates

Abstract Submission Opens: Nov 15, 2017

Registration opens: Nov 15, 2017

Early bird registration: Aug 28, 2018

Standard Registration : Sep 28, 2018

On spot registration: Nov 15, 2018

Venue

Embassy Suites by Hilton – Dallas Park Central
13131 North Central Expressway Dallas, TX
75243, USA
