Welcome Message

Dear All,

We look forward to welcoming delegates to this exciting Global Congress & Expo on Biofuels & Bioenergy during December 03–05, 2018 at Valencia, Spain which will bring together world leaders in their respective fields in the fascinating environment of Spain. The city has become a great tourist attraction offering to the visitors a range of facilities from traditional bazaars and modern shopping centers to advanced knowledge research centers.

GCEBB–2018 will host leading scientists from academia and industry worldwide, to discuss the latest developments in the fields of Biofuels & Bioenergy Resources. The conference aims to providing new opportunities and challenges to explore to the scientists and engineers. The emergence of Biofuels production as an alternative energy source has generated considerable excitement. Unsustainable levels of greenhouse gas emissions mainly due to fossil fuels combustion, have led to increased focus on renewable energy sources.

Young Researchers Opportunity

- Establishing their academic and professional relationships.
- Improving their morale and confidence of presenting research in an international platform.
- Interacting with expertise in their respective departments.
- Clearing your inhibitions of adjusting to the foreign environment.
- Providing a holistic experience of academic tourism.

Our pleasure to meet you in upcoming event...!!!

Best Regards
Conference Organizing Committee

Organizing Committee Members

Gordon Huang
University of Regina, Canada

Matjaz Kunaver
National Institute of Chemistry,
Slovenia

Miguel Nuno Miranda
National Laboratory of Engineering
and Geology, Portugal

Muhammad Usman
Agricultural Research
System, Pakistan

Zhangisina Gulnur Davletzhanovna
Central-Asian University, Republic of Kazakhstan

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Biofuels & Bioenergy which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at GCEBB-2018. We request you to submit a brief idea or abstract of your talk/presentation/symposium/workshop according to your session interest.

- Bio Fuels
- Bioethanol
- Biomass Energy
- Bio Diesel
- Environmental Impacts of Biofuel
- Bio-Energy
- Crude Oil
- Natural Gas
- Coal
- Nuclear
- Hydro
- Renewable & Bio Renewable Energy
- Hydroelectric Power
- Geothermal Energy
- Wastes
- Solar Energy
- Wind Energy
- Catalysts and Catalytic Reaction Mechanisms
- Bio-Hydrogen Production from Biomass
- Biodiesel Production
- Bio Refineries of the Emerging Bio Economy
- Analysis of Bio-Oils from Pyrolysis Of Biomass
- Biomass Gasification for Electricity Generation
- Sustainable Production of Bioenergy
- Wastewater Treatment for Biofuel Production
- Bio-Oil from the Rice Husk Pyrolysis
- Chemical Engineering
- Biological Chemistry
- Biotechnology
- Bio Economy

For Abstracts Submission:

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Glimpses of Previous Conferences

About Valencia

Valencia, the name itself brings up the images of sun, oranges and sand. The third-largest city is a magnificent place, content for Madrid and Barcelona to grab the headlines while it gets on with being a wonderfully liveable city with thriving cultural, eating and nightlife scenes. . Valencia is Spain's third largest metropolitan area, with a population ranging from 1.7 to 2.5 million. The city is situated on the banks of the Turia, on the east coast of the Iberian Peninsula, fronting the Gulf of Valencia on the Mediterranean Sea. Its historic centre is one of the largest in Spain, with approximately 169 hectares; this heritage of ancient monuments, views and cultural attractions makes Valencia one of the country's most popular tourist destinations.

Valencia is a bilingual city. Valencian and Spanish are the two official languages Valencia is a perfect place to live and be outside enjoying the River Gardens, sitting at a caf or exploring the mountains and fields that surround the city. It is located at the Mediterranean sea, and you will find beaches right in the very heart of it. During the summer-months it is heavily visited by tourists, at the beach, with fantastic possibilities for any kind of sports (golf, diving, cycling, tennis, etc. are all very popular here) and a boiling nightlife, together with an ample cultural offer.

Important Dates

Abstract Submission last date March 28th, 2018

Registration opens: Jan 01st, 2018

Early bird registration: March 28th, 2018

On spot registration: December 3rd, 2018

Venue

Valencia,
Spain
