Sorting Our Waste: Valuing it as a Resource

Welcome...!!!

Scientific Federation invites all the participants from all over the world to World Congress on Waste Management & Recycling during December 03-04, 2018 at Valencia, Spain which includes Keynote presentations, Oral talks, Poster presentations and Exhibitions.

WCWMR-2018 will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry.

WCWMR-2018 is anticipating participants from 40 and more countries across the globe and the two day conference will provoke Plenary sessions, Keynote speeches, Poster, and Oral presentations. This program provides two days of robust discussions on recent advancements and new strategies for development of new materials for global requirements.

Our pleasure to meet you in upcoming event...!!!

Young Researchers Opportunity:

We make sure to support and motivate 'Young Researchers' by:

- Establishing their academic and professional relationships.
- Improving their morale and confidence of presenting research in an international platform.
- Interacting with expertise in their respective departments.
- Clearing your inhibitions of adjusting to the foreign environment.
- Providing a holistic experience of academic tourism.

We look forward to seeing you in Valencia in December 2018...!!!

Best Regards

Waste Management and Recycling Organizing Committee.

Conference Objectives

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Waste Management & Recycling research and development.
- To identify research and practice based innovations in optimizing Waste Management & Recycling, research and development
- To debate gaps and priorities for sustainable development in optimizing Waste Management & Recycling research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Recycling research reforms.
- To identify opportunities for evidence-based practice in optimizing Waste Management & Recycling research and development.

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Waste Management & Recycling which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at WCWMR-2018. We request you to submit a brief idea or abstract of your talk/presentation/symposium/workshop according to your session interest.

• Waste Management Techniques	• Solid Waste Management
• Industrial waste recycling	• Plastic Waste Recycling
• Waste water Recycling	• Petrochemical and Oil Recycling
• Food and Catering Waste Recycling	• Agricultural waste Recycling
• Thermal Waste Recovery	• E-Waste Recycling and Management
• Organic Waste Recycling	• Waste to Energy
• Paper Recycling	• Circulatory Economy
• Rubber Recycling	• Domestic waste management
• BIOMASS and BIOENERGY	• Vegetable Oil Recycling
• Electrical & Electronic Recycling	• Waste Disposal Practices
• Recycling Market	
• Waste Management Techniques	• Solid Waste Management
• Industrial waste recycling	• Plastic Waste Recycling
• Waste water Recycling	• Petrochemical and Oil Recycling

About Valencia

A smaller street with just as much charm, lies in the very heart of Valencia's Old City area is one of the oldest in the city, known as a place where the aristocracy of the city used to live. Without a doubt Valencia's most recognised landmark. Built by Valencia's own architect, Santiago Calatrava. The City of Arts and Sciences offers the biggest aquarium in Europe, a laser IMAX cinema, the Palau de les Artes and the Palau de la Musica. Las Arenas and La Malvarrosa are the main city beaches. The Paseo – walkway – that runs along Las Arenas, has some great bars and restaurants. Offering all kinds of local specialities. We and our organizing committee has an immense pleasure to welcome you all to take part in the esteemed conference and we hope you will be one of the reason for victory of the conference 'Waste Management & Recycling -2018' in December.

Venue: Valencia, Spain
