

Global Conference on

# Magnetism and Magnetic Materials

July 23-25, 2018 | Osaka, Japan

*Theme: An Exemplary Conglomerate to savor the  
Research in Magnetism and Magnetic Materials*

**Scientific Federation**

T: +91-779-979-0001/+91-779-979-0002

## Welcome Message

*Dear All,*

GMMM-2018 welcomes you to **Global Conference on Magnetism and Magnetic Materials July 23-25, 2018** at **Osaka, Japan** which will bring together world leaders in their respective fields in the fascinating environment of Osaka, Japan. GMMM-2018 will provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry. This program provides three days of robust discussions on recent advancements and new strategies for development of new materials for global requirements.

### Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Magnetism and Magnetic Materials research and development.
- To identify research and practice based innovations in optimizing Magnetism and Magnetic Materials development.
- To debate gaps and priorities for sustainable development in optimizing Magnetism and Magnetic Materials research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Magnetism and Magnetic Materials research and development reforms.
- To identify opportunities for evidence-based practice in optimizing Magnetism and Magnetic Materials research and development.

**We look forward to seeing you in Osaka in July, 2018...!!!**

Best Regards

**Magnetism and Magnetic Materials Organizing Committee**

## Conference Highlights

- Electromagnetism
- Magnetism and Magnetic Materials
- Nanomaterials and Nanotechnology
- Functional Magnetic Materials
- Magnetic Data Storage
- Superconductivity and Superfluidity
- Magnetization Dynamics
- Hard and Soft Magnetic Materials
- Spintronic Effects and Devices
- Electromagnetic radiation
- Optical properties of metals and non-metals
- Photonic devices and applications
- Ferroelectricity and piezoelectricity
- Magnetic Storage
- Dielectric materials
- Magnetic Recording, Memories and Spintronics
- Functional Magnetic Materials
- Novel Magnetic Materials and Device Applications

For Abstracts Submission: <http://scientificfederation.com/magnetism-2018/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

## Organizing Committee Members

**Roberto Oscar Aquilano**  
National University of Rosario,  
Argentina

**Alireza Heidari**  
California South University, USA

**Filippo Berto**  
Norwegian University of Science and  
Technology, Norway

**Càndid Reig**  
University of València, Spain

**Kerim R. Allahverdi**  
Azerbaijan National Aviation Academ,  
Azerbaijan

**Antonio Ruotolo**  
City University of Hong Kong, China

**Chintakindi Sanjay**  
Gitam University, India

**Emad Al-Shakarchi**  
Nahrain University, Iraq

## About Osaka

Osaka is Japan's second largest metropolitan area after Tokyo. Home to nearly nine million and powering an economy that exceeds both Hong Kong's and Thailand's, Osaka packs quite a punch. The confident, stylish city is a shopping hub, with fabulous restaurants and nightlife. It's an ideal base for exploring the Kansai region: Kyoto's World Heritage Sites, Nara's temple and Koya-san's eerie graves are within 90 minutes by train. Top city attractions include the aquarium, Osaka Castle, Universal Studios Japan and the futuristic Floating Garden Observatory.

### Important Dates

Abstract Submission Opens: August 2, 2017

Early bird registration: October 27, 2017

Standard Registration: March 28, 2018

On spot registration: July 23, 2018

### Venue

Osaka, Japan
