Welcome Message

Dear All,

Scientific federation Conducting a conference on “2nd World Congress on Mechanical and Mechatronics Engineering” which will be held in 15–16, 2019 at Dubai, UAE.

We all welcome you to attend the conference and share your research, explore your ideas, meet specialists and experts which related in the field of mechanical and mechatronics.

More than 5–6 world level comprehensive speakers, Keynote speakers, active Invited speakers and recent contributed speakers will be attend the conference. Additionally, form of poster shows at the side of workshops and special sessions would have an interest in audience.

Conference Objectives:

To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Mechanical and Mechatronics Field .

- To identify research and practice based innovations in optimizing Mechanical research and development.
- To debate gaps and priorities for sustainable development in optimizing Mechanical and Mechatronics Field.
- To discuss and debate the challenges and opportunities in the new era of optimizing Mechanical and Mechatronics Field research and development reforms.

We look forward to seeing you in Dubai, UAE. 2019...!!!

Best Regards

Quantum and nuclear engineering

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Mechanical and Mechatronics which brings well versed scrutinizers at one place.

- Mechanical Systems
- Kinematics
- Thermo Dynamics
- Structural Analysis
- Mechatronics
- Metallurgical Engineering
- Solid Mechanics
- Fluid Mechanics
- Hydraulics
- Computational Fluid Dynamics
- Optical Engineering
- Materials Science
- Sensing and Control Systems
- Automotive Engineering
- Mechatronics systems
- Medical Mechatronic
- Microcontrollers
- M&E Engineering
- Cybernetics
- Mechanical Engineering Technology
- Electromechanics
- Improving measurement systems using computer vision
