

3rd World Congress on
Cell Science and Molecular Biology

May 13-14, 2019 at Kuala Lumpur, Malaysia

**Theme: Evolution and Exploration Of Cell Science &
Molecular Biology**

Scientific Federation

T: +91-779-979-0001 / +91-779-979-0002

Welcome Message

Dear All,

Scientific Federation welcomes you to attend the the 3rd World Congress on Cell Science and Molecular Biology (Cell Science-2019) held at Kuala Lumpur, Malaysia during May 13-14, 2019 which will bring together world leaders in their respective fields in the fascinating environment of Kuala Lumpur, Malaysia. Cell Science and Molecular Biology anticipates more than 300 participants around the globe with thought provoking plenary speakers, established Keynote speakers, active Invited speakers and fresh contributed speakers. In addition, variety of poster presentations along with workshops and special sessions would be interested in audience. The attending delegates include Editorial Board Members of related International Journals. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of France.

Conference Objectives:

We make sure to support and motivate 'Young Researchers' by:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Cell Science and Molecular Biology research and development.
- To identify research and practice based innovations in optimizing Cell Science and Molecular Biology research and development.
- To debate gaps and priorities for sustainable development in optimizing Cell Science and Molecular Biology research and development.

We look forward to seeing you in Kuala Lumpur, Malaysia...!!!

Best Regards

Cell Science and Molecular Biology Organizing Committee

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Cell Science and Molecular Biology which brings well versed scrutinizers at one place.

- Cancer Cell Therapy
- Novel Stem Cell Technologies
- Cell Signaling Technology
- Molecular Biology
- Drug Designing
- Plant Molecular Biology
- Cell Science & Development
- Tissue Engineering
- Regulation of Stem Cells
- Nanotechnology
- Current Research in Cell & Molecular Biology
- Computational Biology
- Cellular Molecular Biology
- Molecular Medicine

For Abstracts Submission:

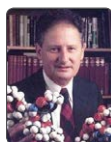

<https://scientificfederation.com/cell-science-2019/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Dr. Giulio Tarro
Foundation de Beaumont
Bonelli for Cancer Research,
Italy

Dr. Henry M Sobell
University of Rochester, USA

Dr. Abbas Amini
Western Sydney University,
Australia

Dr. Petra Perner
Institute of Computer Vision
and Applied Computer
Sciences, Germany

Dr. Francisco Torrens
University of Valencia, Spain

For More Information

<https://scientificfederation.com/cell-science-2019/committee.php>

Plenary Speakers

Dr. Giulio Tarro
Foundation de Beaumont
Bonelli for Cancer Research,
Italy

Dr. Rakesh Kumar
Rajiv Gandhi Centre for
Biotechnology, India

Dr. Wanderley de Souza
Brazil

Dr. Nawin Mishra
University of South
Carolina, USA

Nela Pivac
Croatia

Dr. Marco Falasca
Australia

Keynote Speakers

Dr. Petra Perner
Institute of Computer Vision
and Applied Computer
Sciences, Germany

**Dr. Ahmad Shakir Mohd
Saudi**
University Kuala Lumpur,
Malaysia

Dr. D K Dhawan
University of Punjab, India

Dr. Wing Hung Ko
The Chinese University of
Hong Kong, Hong Kong

**Mohammed Abdullah
Alshawsh**
University of Malaya, Malaysia

Dr. Dhanapal Sakthisekaran
University of Madras, India

Featured Speakers

Alexei G. Basnakian
University of Arkansas for
Medical Sciences, USA

A. Vieira
Simon Fraser University,
Canada

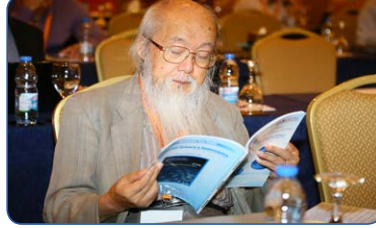

Dr. Palanisamy Sivanandy
International Medical
University, Malaysia

For More Information

Glimpses of Previous Conferences

About Kuala Lumpur

Malaysia is a beautiful and diverse country with many highlights. The many different regions, each with their own characteristic features, make this country the perfect destination for tourists. However, Malaysia does not entirely depend on tourism. This country's economy has been going strong for years. On the contrary to what some people (still) believe, Malaysia is not a third world country. The country has developed itself enormously in the past 50 years and this is clearly noticeable when visiting it. Especially in Malaysia's capital, Kuala Lumpur, you will see many modern buildings, a modern light rail transit system, many luxurious shopping malls and countless expensive cars on the roads. Life outside of the capital is often less developed; but even there the times of people only being able to afford a motorcycle are long gone.

Venue

Kuala Lumpur, Malaysia
Renaissance Kuala Lumpur Hotel, Kuala Lumpur, Malaysia
