2019**

3rd Global Summit on

**Nutritional Science &  
Food Chemistry**

June 10-12, 2019 | Osaka, Japan

**Theme:**

**Recent Innovations In Nutritional Science  
and Food Chemistry**

Dear All,

Scientific federation welcomes you to attend the 3rd Global Summit on Nutritional Science & Food Chemistry which is going to be held in Osaka, Japan during June 10-12, 2019.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Nutritional Science & Food Chemistry.

Nutritional Science 2019 anticipates more than 300 participants around the globe with thought provoking keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

This will bring together world leaders in their respective fields in the fascinating environment of Osaka, Japan. Nutritional Science Conference is to explore on Current Issues of Recent Advancement in Nutritional Science & Food Chemistry, Nutrition and Nutritional Management, Nutritional Deficiency and Disorders, Probiotics in Nutrition, Nutrition and Cancer, Food Processing and Technical Methods, Food & Public Health Nutrition, Nanotechnology in Nutritional Science & Food Chemistry, Chemical reactions in foods, Food safety, security and sustainability, Food Biotechnology. This event gives a chance for all the professionals to gain and share information on Nutritional Science & Food Chemistry. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of Japan.

## ○ Conference Objectives

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Nutritional Science.
- To identify research and practice based innovations in optimizing Nutrition Science research and development.
- To debate gaps and priorities for sustainable development in optimizing nutrition and food chemistry.
- To discuss and debate the challenges and opportunities in the new era of optimizing Global Strategy on Nutrition science research and development reforms.

**We look forward to seeing you in Osaka in June, 2019...!!!**

**Best Regards  
Nutritional Science-2019  
Organizing Committee**

## ○ Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Nutritional Science & Food Chemistry which brings well versed scrutinizers at one place.

- ◆ Recent Advancement in Nutritional Science & Food Chemistry
- ◆ Nutrition and Nutritional Management
- ◆ Food Storage and Preservation
- ◆ Pediatrics Nutrition
- ◆ Sports Nutrition
- ◆ Nutrition in Clinical Practice
- ◆ Nutritional Biochemistry
- ◆ Food Biotechnology
- ◆ Nutritional Epidemiology
- ◆ Food technology
- ◆ Food and Nutritional Immunology
- ◆ Food Science
- ◆ Food packaging on nutrition
- ◆ Nutritional Deficiency and Disorders
- ◆ Preventing Food Poisoning
- ◆ Nutrition and Nursing
- ◆ Nutrition and Diabetes
- ◆ Public Health Research
- ◆ Food safety, security and sustainability
- ◆ Current Research in Nutrition and Dietetics
- ◆ Animal Nutrition
- ◆ Nutritional Neuroscience and Eating Disorders
- ◆ Obesity, Diabetes & Endocrinology
- ◆ Nutraceuticals and Medicinal Foods
- ◆ Global Strategy on Nutrition
- ◆ Nutrition and Health
- ◆ Nutritious Food

## ○ Organizing Committee Members

**Cynthia Davis**

Charles R. Drew University of  
Medicine and Science, US

**Ahmet Suha Yalcin**

Marmara University School  
of Medicine, Turkey

**Katsunori Nonogaki**

Tohoku University  
Japan

**Viroj Wiwanitkit**

Hainan Medical University  
China

**Guoxun Chen**

The University of Tennessee  
USA

## ○ Plenary Speakers

**Se-Kwon Kim**

Korea Maritime and Ocean  
University, South Korean

**Rui Hai Liu**

Cornell University  
USA

**Jasminka Z. Ilich**

Florida State University  
USA

**Chee Kong Yap**

Universiti Putra Malaysia  
Malaysia

**Sherry A. Tanumihardjo**

Iowa State University  
USA

## ○ Keynote Speakers

**Ferruccio Bonino**  
University of Pisa  
Italy

**Katsunori Nonogaki**  
Tohoku University  
Japan

**Antonello Santini**  
University of Napoli  
Italy

**Vessela D. Kancheva**  
Bulgarian Academy of Sciences  
Bulgaria

**David Topping**  
Chief Research Scientist  
CSIRO, Australia

## ○ About Venue

**Osaka** is the second biggest metropolitan range in Japan and serves a noteworthy monetary center point. Verifiably a dealer city, Osaka has additionally been known as the “Country’s Kitchen”. With a populace of 2.5 million, Osaka is Japan’s third biggest and second most imperative city. It has been the financial powerhouse of the Kansai district for a long time. The city’s west side has the principle port and in addition vacationer goals with attractions, for example, Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka château, Umeda sky building and the Tempozan Harbor Village.

Osaka is known for its sustenance, both in Japan and abroad. Creator Michael Booth and sustenance pundit François Simon of Le Figaro have both recommended that Osaka is the nourishment capital of the world. Osaka’s culinary predominance is the aftereffect of an area that has given access to excellent fixings, a high populace of vendors, and nearness to the sea and conduit exchange. Lately, Osaka has begun to gather more consideration from outsiders with the expanded prevalence of cooking and eating in mainstream culture. The National Museum of Art (NMAO) is an underground Japanese and global craftsmanship historical center, lodging principally accumulations from the post-war period and consistently inviting impermanent displays. Osaka Science Museum is in a five-storied working by the National Museum of Art, with a planetarium and an OMNIMAX theater. The Museum of Oriental Ceramics holds more than 2,000 bits of pottery, from China, Korea, Japan and Vietnam, highlighting presentations of some of their Korean celadon under normal light.
