Welcome Message

Dear All,

Scientific Federation welcomes you to attend the 3rd International Conference on Women Health and Breast Cancer during May 30–31, 2019 at Nice, France which will bring together world leaders in their respective fields in the fascinating environment of Nice, France.

Women Health & Breast Cancer–2019 anticipates more than 300 participants around the globe with thought provoking plenary speakers, established Keynote speakers, active Invited speakers and fresh contributed speakers. In addition, variety of poster presentations along with workshops and special sessions would be interested in audience. The attending delegates include Editorial Board Members of related International Journals. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of France.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Women Health and Breast Cancer research and development.
- To identify research and practice based innovations in optimizing Women Health and Breast Cancer research and development.
- To debate gaps and priorities for sustainable development in optimizing Women Health and Breast Cancer research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Women Health and Breast Cancer research reforms.
- To identify opportunities for evidence-based practice in optimizing Women Health and Breast Cancer research and development.

We look forward to seeing you in Nice in May, 2019...!!!

Best Regards

Women Health and Breast Cancer Organizing Committee

Glimpses of Previous Conferences

About NICE

The only way to describe NICE is Sunset and Beach Walks, where you can feel its elegance and simplicity. Nice is one of the largest cities in France, acts as a magnetic force which can pull people's attraction from all over the world, for vast reasons, not only famed for its politeness, It has become a focal point for research in industry, science and advanced technology since the creation of such centers as Acropolis and Sophia Antipolis. The Palais de Congres, a convention center, can accommodate various functions. Nice's charm comes from its unusual climate as well as its beauty. Come, Join to enjoy and to explore at the European Museum Nights. We and our organizing committee has an immense pleasure to welcome you all to take part in the esteemed conference and we hope you will be one of the reason for victory of the conference 'Women Health-2019' in May.
