Welcome Message

Dear All,

Biomedical Engineering Conference welcomes you to 2nd World Conference & Expo on Biomedical Engineering during July 08–09, 2019 at Las Vegas, USA. which will bring together world leaders in their respective fields in the fascinating environment of Las Vegas, USA. Biomedical Engineering Conference is to explore on Current Issues of Bioluminescence and BioSignals, Bioinformatics and Computational Biology , Biomaterials and Tissue Engineering , Bio Engineering & Biomolecular Engineering, Biomechanics and Mechanobiology, Bio–Micro/Nanotechnologies, Biomedical Sensors and Instrumentation, BioRobotics and Medical Devices, Bio–transportation, Biosensors and Bioelectronics, Engineering/Synthetic Biology, Medical Imaging and Signal Processing .This event gives a chance for all the professionals to gain and share information on Biomedical Engineering . We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of USA.

Conference Objectives:

We make sure to support and motivate ‘Young Researchers’ by:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Biomedical Engineering.
- To identify research and practice based innovations in optimizing Biomedical Engineering.
- To debate gaps and priorities for sustainable development in optimizing Biomedical Engineering.
- To discuss and debate the challenges and opportunities in the new era of optimizing Biomedical Engineering.
- To identify opportunities for evidence–based practice in optimizing Biomedical Engineering.

We look forward to seeing you in USA in July, 2019...!!!

Best Regards

2nd World Conference & Expo on Biomedical Engineering

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Biomedical Engineering which brings well versed scrutinizers at one place.

- Bioluminescence and BioSignals
- Bioinformatics and Computational Biology
- Biomaterials and Tissue Engineering
- Bio Engineering & Biomolecular Engineering
- Biomechanics and Mechanobiology
- Bio–Micro/Nanotechnologies
- Biomedical Sensors and Instrumentation
- BioRobotics and Medical Devices
- Bio–transportation
- Biosensors and Bioelectronics
- Engineering/Synthetic Biology
- Medical Imaging and Signal Processing
- Medical, Rehabilitation Robotics and Assistive Technology

For Abstracts Submission:

<https://www.scientificfederation.com/biomedical-engineering-2019/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

2019 Organizing Committee Members

Hendrik Heinz
University of Colorado, USA

Ramesh Agarwal
Washington University in St. Louis, USA

Mohamed El-Newehy
Tanta University, Egypt

Noah Isakov
Ben Gurion University of the Negev, Israel

Rajeswari Sundararajan
Purdue University, USA

Hitesh N. Panchal
L C Institute of Technology, India

El Refaie Kenawy
Tanta University, Egypt

Bing Huei Chen
Fu Jen University, Taiwan

Sponsors and Exhibitors Information

Scientific Federation Meetings are one of the leading international conferences around the globe. Game-changing developments, such as the deployment of new domain extensions, and the emergence of disruptive and creative business models are enabled by decisions taken at this platform and it's not just for techies! Representatives from the global business community, governments, industry insiders, and many other contributors whose work affects the Federation of the global Internet will attend. Scientific Federation Sponsorship opens the door to this select and sophisticated audience. We encourage you to take advantage of this unique opportunity to participate as a sponsor. Choose a package that meets your particular marketing objectives, or talk with our staff about creating a marketing program that is uniquely yours.

Glimpses of Previous Conferences

About Las-Vegas

Las Vegas often known simply as Vegas, is the 28th-most populated city in the United States, the most populated city in the state of Nevada, and the county seat of Clark County. The city anchors the Las Vegas Valley metropolitan area and is the largest city within the greater Mojave Desert. Las Vegas is an internationally renowned major resort city, known primarily for its gambling, shopping, fine dining, entertainment, and nightlife. The Las Vegas Valley as a whole serves as the leading financial, commercial, and cultural center for Nevada.

Las Vegas is a great place to visit year-round. The cooler winter temperatures are pleasant for sightseeing, and in summer, when the temperature can rise above 104 degrees Fahrenheit, the hotel pools become an important part of the daytime activities.

Las Vegas is situated within Clark County in a basin on the floor of the Mojave Desert and is surrounded by mountain ranges on all sides. Much of the landscape is rocky and arid with desert vegetation and wildlife. It can be subjected to torrential flash floods, although much has been done to mitigate the effects of flash floods through improved drainage systems.

Important Dates

Abstract Submission Opens: June 18, 2018

Registration opens: June 18, 2018

Early bird registration: October 26, 2018

Standard Registration: February 28, 2019

On spot registration: July 08, 2019

Venue

Las Vegas, USA
