Welcome Message

On behalf of the Organizing and Program Committee we take great pleasure in welcoming Professors, CEO'S, Directors, Computer Engineers, scientists, Research scholars, Ph. D Students, and experts in these fields to Rome, Italy for the 2nd edition of Computer Science and Cloud Computing conference to foster the progress in the field by contributing with your expertise to what promises to be a very comprehensive and exciting meeting, and to enjoy the immense unique artistic heritage and wonderful landscape of Italy.

2nd International Conference on Computer Science and Cloud Computing (ICCSCC-2019), which will be held during July 22-23, 2019 in Rome, Italy is now an established event in this series of the conference after the previous conference in July 2018 in Barcelona, Spain attracting global participant's intent on sharing, exchanging and exploring new avenues of Computer Science and related research and latest developments.

About Conference

ICCSCC-2019 will bring together a consortium of investigators who are at the forefront of their field and will provide opportunities for upcoming researchers to interactively present their work and exchange ideas with established senior scientists. It explores the entire breadth of IT professionals with earlier and contemporary work and provides a critical review of the present state of the subject. It will serve as a great international forum to intensify the information exchange and is an excellent opportunity for Researchers, Technologists, Industrialists, and Scientists in the domain of IT from around the world and to promote/present innovative ideas that will influence and foster continued research.

Don't miss to be a part of ICCSCC – 2019...!
