## *Welcome Message*

On behalf of the Organizing and Advisory Committee we take great pleasure in welcoming materials scientists, chemists, physicists and experts of application fields to Rome, Italy for the "2nd International Conference on Electronics & Electrical Engineering" conference to foster the progress in the field by contributing with your expertise to what promises to be a very comprehensive and exciting meeting, and to enjoy the immense unique artistic heritage and wonderful landscape of Italy

"2nd International Conference on Electronics & Electrical Engineering(ICEEE-2019), July 22-23, 2019 Rome, Italy", which will be held during July 22-23, 2019 in Rome, Italy is now an established event, attracting global participant's intent on sharing, exchanging and exploring new avenues of ICEEE and related research and latest developments. The event will have 5-6 world level (Highly cited class) plenary speakers, established Keynote speakers, active Invited speakers and fresh contributed speakers. In addition, variety of poster presentations along with workshops and special sessions would be interested in audience.

## *About Conference*

Progress in ICEEE is always linked to the progress and welfare of human civilization. Future advances in multiple fields of science and engineering critically depends on the availability of superior materials. The aim of the ICEEE-2019 is to promote quality research and real-world impact in an atmosphere of true international cooperation between scientists and engineers by bringing together again the world class researchers, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Electronics and Electrical Engineering.
