

Day 1. August 12, 2019

Room-1

08:00-09:00	Registrations Opens
09:00-09:15	Introduction & Opening Ceremony
	Plenary Session
09:15-09:55	Title: Pesticide Residues in Food, Children's Health and Eco Functional Intensification Andre Leu, Regeneration International, Australia
09:55-10:35	Title: Selection for Resistance to the Bird Cherry-Oat Aphid, <i>Rhopalosiphum Padi</i> , (BCOA) in Wheat Ali A Zarrabi, Oklahoma State University, USA
10:35-11:15	Title: Development of Presence-Absence Sequential Sampling Programs for Insect Pests in Oklahoma Cropping Systems Tom A. Royer, Oklahoma State University, USA
11:15-11:30	Networking & Refreshments Break
11:30-12:10	Title: Walnut Propagation from Past to Present Stefan Gandev, Fruit Growing Institute, Bulgaria
12:10-12:50	Agricultural Furrow Salinity Technology as the Original Purpose Engineered Qanat-Karez-Falaj Aalt Leaching System Compared to the Modern Horticulture and Furrow Irrigated Fields Today David Bloch, Founder of MR Bloch Salt Archive, Israel
12:50-13:00	Group Photo
13:00-14:00	Lunch Break
	Keynote Forum
13:50-14:30	Title: A Tool for the Production of Important Drugs for Human Welfare Hsin-Sheng Tsay, Chaoyang University of Technology, Taiwan
14:30-15:00	Title: Enhanced Antimicrobial Effectivity of Essential Oil Nanoemulsion-Based Pesticide in Plant Protection Application Setyowati Retno Djiwanti, Indonesian Spice and Medicinal Crop Research Institute, Indonesia
15:00-15:30	Title: Use of Aerobic Bioreactors to Utilize Solid Fish Waste in Aquaculture Nick Savidov, Lethbridge College, Canada

15:30-16:00	Title: Pollination Vis-a-Vis Sustainable Food Production and Food Security in Developing Countries
	Raj Kumar Thakur, Dr Y S Parmar University of Horticulture and Forestry, India
16:00-16:15	Networking & Refreshments Break
Session 1	Agricultural Engineering and Technology, Tissue Culture and Plant Biotechnology, Crop Protection, Awareness and Management, Beekeeping
Session Chair	Raj Kumar Thakur, Dr Y S Parmar University of Horticulture and Forestry, India
Session Co-Chair	Hung-Chi Chang, Chaoyang University of Technology, Taiwan
16:15-16:40	Title: KH ₂ PO ₄ and Sucrose Affected in Vitro and Ex-Vitro Date Palm Plantlets cv Sakoty
	Rasmia Darwesh S.S , Agriculture Research Center, Egypt
16:40-17:05	Title: Plant Regeneration from Mature Inflorescence of Date Palm by Using Moringa Extract
	Rasmia Darwesh S.S , Agriculture Research Center, Egypt
17:05-17:30	Title: The "Nexus" Path to Sustainable Development
	Vasiliki Mantzaropoulou
17:55-18:05	Panel Discussion
	Closing the Conference for Day 1
Day 2 August 13, 2019	
Room-2	
Session 1	Agronomy, Fertilizers&Pesticides, Seed Science, Crop Protection, Awareness and Management,
Session Chair	Nick Savidov , Lethbridge College, Canada
Session Co-Chair	Rasmia Darwesh S.S, Agriculture Research Center, Egypt
09:15-09:40	Title: Establishment of Callus and Cell Suspension Culture of Fritillariacirrghosa: an in Vitro Approach for Isosteroidal Alkaloids Production
	Hung-Chi Chang, Chaoyang University of Technology, Taiwan
09:40-10:05	Title: Factors Affecting Distribution of Predatory Ground Beetles in Different Crop Ecosystems of West Bengal, India
	C.R. Satpathi, Bidhan Chandra Krishi Viswavidyalaya, India
10:05-10:30	Title: Milk Production in Cuba - The Situation at Present and Perspectives for Future Improvement
	Sarah Harder Bonde, Copenhagen University, Denmark
10:30-10:55	Title: Milk Production in Cuba - The Situation at Present and Perspectives for Future Improvement

	Matias Gronvig, Copenhagen University, Denmark
10:55-11:20	Title: Use of Alternative Methods to Chemical Pesticides for the Control of Stored Product Pests Jawad Ali Shah, Czech University of Life Sciences, Czech Republic
11:20-11:35	Coffee Break
11:35-12:00	Title: Assessment of Photoperiod Cycles in the <i>Algansea Lacustris</i> Culture using Fuzzy Indicators César A. Hoil-Rosas, National Polytechnic Institute, México
12:00-12:25	Title: Properties of Sorghum Seeds Cultivated in Poland for Nutritional and Energetic Purposes Jakub Frankowski, Institute of Natural Fibres and Medicinal Plants, Poland
12:25-12:50	Title: Little Cherry Disease in the Czech Republic Hana Ludvikova, The Fruit Growers Union in the Czech Republic, Czech Republic
12:50-13:15	Title: Comparative Potency of Some Resistance Inducers Against Root Knot Nematode <i>Meloidogyne Incognita</i> Infecting Tomato Plants Under Field Conditions Usama Samy Fathy Mohamed Elkelany, National Research Centre, Egypt
13:15-14:00	Lunch Break
14:00-14:25	Title: Nematode as Hidden Enemy and Hidden Friend Between Fighting and Enhancement Under Field Conditions of Egypt Hassan Mohamed Hassan, Minia University, Egypt
14:25-14:50	An Alternative and Strategic Methods for Controlling Some Viral Plant Diseases in Minia Governorate, Egypt Omar Ismail Saleh, Minia University, Egypt
14:50-15:15	Title: Effect of Aloevera Gel (AVG) on Physico-Chemicals Properties and Quality Attributes of Guava (<i>Psidium Guajava</i> L.) cv. Gola During Storage Under Ambient Conditions Muhammad Azam, Institute of Horticultural Sciences, University of Agriculture, Pakistan
15:15-15:40	Title: Sugar Beet Growth Model, for Managing Optimal Water Consumption Javad Rezaei, Khorasan Razavi Agricultural and Natural Resources Research and Education Center, Iran
	Panel Discussion
	Poster Presentations on Day 2
P001	Title: Influence of LED Light Spectra on Morphology of in Vitro Cultures and Plumbagin Content in <i>Drosera Spatulata</i> Labill Hung-Chi Chang, Chaoyang University of Technology, Taiwan
P002	Title: Will be updated soon Piotr Chohuraa, Wrocław University of Environmental and Life Sciences
	Certificate Felicitation @ Closing Ceremony
***Note: This is a Tentative Program, it is Subjected to changes till Final Program
