

GSEMPOI 2019

5th Global Summit & Expo on **Materials, Photonics & Optical Instruments**

November 04-05, 2019 | Kuala Lumpur, Malaysia

THEME:

Advanced Materials and Nano Science
Research for the Better Life

Welcome Message

Dear All,
Welcome...!!!

Scientific Federation welcomes you to attend the "5th Global Summit & Expo on Materials, Photonics & Optical Instruments (GSEMPOI-2019)" which is slated to hold on 4th Nov 2019 - 5th Nov 2019 at Kuala Lumpur, Malaysia. It's a great and rare opportunity to attend the Presentations delivered by Eminent Scientists and Researchers from all over the world at one platform. One of the easy ways for global exploration of your research works. This includes Keynote presentations, Oral talks, Poster presentations, Workshop/Symposium and Exhibitions.

GSEMPOI-2019 will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry.

The 5th Global Summit & Expo on Materials, Photonics & Optical Instruments is anticipating participants from 40 and more countries across the globe and the two-days conference will provoke Plenary sessions, Keynote speeches, Poster, and Oral Presentations. This program provides two days of robust discussions on recent advancements and new strategies for development of new materials for global requirements.

02

Conference Objectives:

- To facilitate opportunities for networking, collaboration, and exchange of ideas with internationally renowned leaders in Materials, Photonics & Optical Instruments research and development.
- To identify research and practice-based innovations in optimizing Materials, Photonics & Optical Instruments research and development.
- To debate gaps and priorities for sustainable development in optimizing Materials, Photonics & Optical Instruments research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Materials, Photonics & Optical Instruments research reforms.
- To identify opportunities for evidence-based practice in optimizing Materials, Photonics & Optical Instruments research and development.

**We are looking forward to seeing you at
GSEMPOI-2019 in Kuala Lumpur, Malaysia.**

**Best Regards
GSEMPOI-2019
Organizing Committee**

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Materials, Photonics & Optical Instruments which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at GSEMPOI-2019.

Conference Sessions:

- ◆ Materials Science & Engineering
- ◆ Energy Materials
- ◆ Nanomaterials
- ◆ Nanomagnetism & Optical Nanomaterials
- ◆ Mining and Metallurgy
- ◆ Surface Science and Engineering
- ◆ Biomaterials and Tissue Engineering
- ◆ Fiber Optics
- ◆ Lasers
- ◆ Polymer Science and Materials
- ◆ Materials Chemistry and Sustainable Chemistry
- ◆ Optical Engineering
- ◆ Quantum Optics
- ◆ Biophotonics
- ◆ Optical Physics
- ◆ Optical Communications
- ◆ Optical Design
- ◆ Medical Optics
- ◆ Nonlinear Optics
- ◆ Optoelectronics
- ◆ Optical Interference Coatings and Color
- ◆ Optics and Light in Life Science
- ◆ Nanoscience and Nanotechnology
- ◆ Surface Engineering and Heat Treatment
- ◆ Functional Materials
- ◆ Structural Materials
- ◆ Soft Matter and Biomaterials
- ◆ Advanced Materials & Nanodevices for Sustainable and Eco-Friendly Applications
- ◆ Materials for Electronic, Magnetic and Optical Devices
- ◆ Polymer-based Materials
- ◆ Functional Polymers and Related (Nano)Composites
- ◆ Nanomaterials and Nanocomposites
- ◆ Advances in Nano Materials Science
- ◆ Carbon Nanomaterials

03

For more info:

For Abstracts Submission:

<https://www.scientificfederation.com/gsempoi-2019/abstract-submission.php>

For Registration visit:

<https://www.scientificfederation.com/gsempoi-2019/registration.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Important Dates

Abstract Submission Opens: November 20, 2018

Abstract Submission Deadline: July 20, 2019

Early Bird: May 20, 2019

Standard Registration: August 20, 2019

On spot registration: November 04, 2019

Venue

**Kuala Lumpur
Malaysia**

Organizing Committee Members

Silvano Donati
University of Pavia
Italy

Mohamed Henini
Professor of Applied Physics,
University of Nottingham, UK

Houxiao Wang
Jiangsu University
China

Greg Sun
University of Massachusetts
Boston, USA

Hamid Reza Karimi
Polytechnic University of
Milan, Italy

Alexander L. Kalamkarov
Dalhousie University,
Halifax, Canada

Rosli bin Ahmad
Jabatan Kejuruteraan Pembuatan
Dan Industri (Jkpi), Malaysia

EminTaner ELMAS
ISTE- Iskenderun Technical
University, Turkey

Md. Akhtaruzzaman
Solar Energy Research Institute (SERI)
Malaysia

04

About Venue

Kuala Lumpur is the cultural, financial and economic centre of Malaysia and home to the Parliament of Malaysia, and the official residence of the Malaysian King (Yang di-Pertuan Agong), the Istana Negara. The city once held the headquarters of the executive and judicial branches of the federal government as well, but they were moved to Putrajaya in early 1999.[8] Some sections of the judiciary still remain in Kuala Lumpur.

Kuala Lumpur is one of three Federal Territories of Malaysia,[9] enclaved within the state of Selangor, on the central west coast of Peninsular Malaysia.[10] Since the 1990s, the city has played host to many international sporting, political and cultural events including the 1998 Commonwealth Games. Kuala Lumpur has undergone rapid development in recent decades. It is home to the tallest twin buildings in the world, the Petronas Twin Towers, which have become an iconic symbol of Malaysia's futuristic development.
