**International Conference on  
Infrastructure and  
Construction**  
October 11-12, 2019 | Dubai, UAE

**Theme:**

**Trends in Construction and  
Unlocking the Potential of  
Infrastructure through  
Innovation and Technology**

# ICIC-2019

On behalf of our organizing committee we take an enormous pleasure in inviting you to attend the International Conference on Infrastructure and Construction, in October 11-12, 2019 at Dubai, UAE. The Conference is designed to facilitate the sharing of knowledge and experience of researchers, young inspired scientists, academicians, and industrialist's education worldwide. Infrastructure and Construction -2019 will continue this philosophy by encouraging the sharing of research and practice in the field of Infrastructure, as it impacts on the learning experience of students, qualified practitioners, social needs, and the individuals and communities it serves worldwide. With the theme "Trends in Construction and Unlocking the Potential of Infrastructure through Innovation and Technology ", Infrastructure and Construction -2019 Program will focus on currently employed technologies, disruptive innovations and the application of recent progress and evidence-based data in Infrastructure and Construction.

In this Two –day event, we will have ample opportunities to chat, learn, share and collaborate with experts from all over the globe.

## Why attend?

Infrastructure and Construction provide an opportunity to share knowledge, expertise along with unparalleled networking opportunities between a large number of professionals like Directors, Heads, Deans, Professors, Scientists, Researchers, Founders and Employees of the related universities, Associations, Organizations, and Young researchers working in the field of Civil Engineering, infrastructure and construction.

### Benefits of attending

- Accepted abstracts will be published in supporting Journals.
- Global networking: In transferring and exchanging Ideas.
- A Unique Opportunity for Advertisers and Sponsors at this International event.
- Networking for future collaborations.
- The focus and energy of Like-Minded Individuals.
- The Serendipity of the Random Workshop.
- Meet Experts & Influencers Face to Face.
- Certificate Accreditation by the International Organizing Committee.

## Infrastructure and Construction-2019 Expected attendees from

Civil Engineers, Professors, Students, Researchers, Business delegates, Industrial Leaders, CEO's and R&D, from all disciplines of Civil Engineering related Departments from all recognized Universities/ Colleges/ all over the World.

## Who can attend?

Infrastructure and Construction Conference is a unique forum to bring together worldwide distinguished Academics in the field of Infrastructure. Professors, university researchers, PhD students, scholars to exchange about state of the research and technologies. Expert faculties will discuss the relevant advances in Infrastructure and will explore the novel trends in unlocking the potential of Infrastructure.

## Importance of ICIC-2019 Conference:

To promote quality research and real-world impact in an atmosphere of true international co-operation between scientists, engineers and industry by bringing together the world class renowned personalities to discuss the latest developments and innovations at one common platform.

## Abstract Submission Tracks

- ▶ Infrastructure in the mining industry
- ▶ Construction management
- ▶ Civil and common law approaches to contract interpretation
- ▶ Construction Industry Research
- ▶ Pavement Design
- ▶ Bridge Engineering
- ▶ Building Information Modeling(BIM)
- ▶ Design-build contracts
- ▶ Quality Management
- ▶ Advanced design techniques
- ▶ Project management & Quality assurance
- ▶ Railway and Road Engineering
- ▶ Civil Engineering
- ▶ Earthquake-Resistant Structures
- ▶ Environmental Engineering and Climate Change
- ▶ Geographic Information System (GIS)
- ▶ Geotechnical Engineering
- ▶ Reinforced Concrete
- ▶ Earthquake Engineering
- ▶ Tunnel Engineering

## About Venue

Dubai is a unique destination that is both a dynamic business centre and a tourist paradise, offering more attractions, shopping, fine dining and quality hotels. From the timeless tranquility of the desert to the lively bustle of the souk, Dubai offers a kaleidoscope of attractions for visitors. The emirate embraces a wide variety of scenery in a very small area. In a single day, the tourist can experience everything from rugged mountains and awe-inspiring sand dunes to sandy beaches and lush green parks, from dusty villages to luxurious residential districts and from ancient houses with wind towers to ultra-modern shopping malls.
