## Welcome Message

Cancer-2020 welcomes you to 8<sup>th</sup> International Meet on Cancer during August 20-21, 2020 at Miami, USA, which will bring together world leading researchers in the field of Cancer and its applicable areas.

Cancer-2020 is unique in its approach of encouraging a dialogue between the basic and clinical scientists. We expect to have these dialogues both during scientific sessions and networking time. We hope to make the summit particularly educational and inspiring for young scientists who will get an opportunity to interact with leading experts.

### Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Cancer research and development.
- To identify research and practice based innovations in optimizing Cancer research.
- To debate gaps and priorities for sustainable development in optimizing Cancer research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Cancer research reforms.
- To identify opportunities for evidence-based practice in optimizing Cancer research.

Best Regards

## About Venue

Miami is a major center and a leader in finance, commerce, culture, media, entertainment, the arts, and international trade. In 2008, Forbes magazine ranked Miami "America's Cleanest City", for its year-round good air quality, vast green spaces, clean drinking water, clean streets, and citywide recycling programs.

Greater Downtown Miami has one of the largest concentrations of international banks in the United States, and is home to many large national and international companies. The Civic Center is a major center for hospitals, research institutes, medical centers, and biotechnology industries.
