Welcome Message

Dear All,

Condensed matter and material physics Conference welcomes you to 4th Global congress & Expo on Condensed matter and material physics during March 23-24, 2020 at Krakow, Poland. which will bring together world leaders in their respective fields in the fascinating environment of Krakow, Poland. Condensed matter physics. Conference is to explore on Current Issues of Condensed matter and material physics, optics and photonics , Plasma and nuclear physics, solid state physics & quantum physics, nanocycle physics and advanced cyramics, biophysics , molecular physic, matter physics, meta materials and meta surfaces, Die electric theory, Mathematical physics .This event gives a chance for all the professionals to gain and share information on Condensed matter physics . We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of poland.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Condensed matter physics.
- To identify research and practice based innovations in optimizing Condensed matter physics.
- To debate gaps and priorities for sustainable development in optimizing Condensed matter physics.
- To discuss and debate the challenges and opportunities in the new era of optimizing Condensed matter physics.
- To identify opportunities for evidence-based practice in optimizing Condensed matter physics.

We look forward to seeing you in Poland in March , 2020...!!!

Best Regards

4th Global Congress & Expo on Condensed matter and material physics

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Condensed matter physics which brings well versed scrutinizers at one place

Sessions

- Condensed matter physics
- Material physics
- Optics and photonics
- Biophysics and surfaces
- Meta materials and meta surfaces
- Mathematical physics
- Molecular physics
- Advanced ceramics
- Nuclear physics
- Solid state physics
- Theoretical physics
- Nanocycle physics

For Abstracts Submission:

<https://scientificfederation.com/condensed-matter-physics-2020/abstract-submission.php>

Registration link:

<https://scientificfederation.com/condensed-matter-physics-2020/registration.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Claude Tameze
University of Linclon, USA

Lap van dao
Swinburne University, Australia

Ali imran
Peking University, China

Alexander Khmaladze
University of Albany, New York

Parongama Sen
University of Culcutta, India

Aleksander Krupski
University of Portsmouth, England

Oomman k. varghese
University of Houston, Texas

Alessandra Bellissimo
Roma Tre University, Italy

For more details:

Plenary Speakers

Amano Hiroshi

Nobel prize in Physics, Nagoya University
Japan

Yew San Hor

University in Rolla, USA

Vladimir G. Chigrinov

Foshan University, China

Dragan Todorovic

University of Belgrade, Serbia

Keynote Speakers

Gufei Zhang

University of Southern Denmark, Denmark

Raouf Ahel Mallawany

Menoufia University, Egypt

Iaroslav Gnilitzkiy

University of Modena and Reggio Emilia
Italy

Aswini Ghosh

Indian Association for the Cultivation
of Science, India

Sponsors and Exhibitors Information

Scientific Federation Meetings are one of the leading international conferences around the globe. Game-changing developments, such as the deployment of new domain extensions, and the emergence of disruptive and creative business models are enabled by decisions taken at this platform and it's not just for techies! Representatives from the global business community, governments, industry insiders, and many other contributors whose work affects the Federation of the global Internet will attend. Scientific Federation Sponsorship opens the door to this select and sophisticated audience. We encourage you to take advantage of this unique opportunity to participate as a sponsor. Choose a package that meets your particular marketing objectives, or talk with our staff about creating a marketing program that is uniquely yours.

Adding value to the Scientific Federation experience while integrating your brand's products will not only showcase the authenticity of the brand, but will result in great, objective 3rd party recognition that will move the influencer needle. This is more than a marketing play. It's about creating experiences that will resonate long After your brand strikes its activations.

When your brand purchases a Sponsorship package, it is committing itself to delivering experiential relevance and value to thousands of industry influencers including press, creative's and their millions of collective followers, who have come to expect nothing less from Scientific Federation and its partners.

Through activations, product integration, social media and logo placement, your brand has the tools to educate, entertain and engage a captive audience on what it is doing to make a difference in the global Scientific Community. So put your best foot forward. Visualize this partnership through the eyes of our attendees...!!!

About Venue

Poland is an Eastern Europe country on the Baltic Sea known for its medieval architecture. Poland has a population of 38.5 million making it the 34th most populous country in the world with Warsaw as its capital and largest city. There are 14 heritage sites inscribed on the UNESCO World Heritage and 54 Historical Monuments and many objects of cultural heritage in Poland. Poland was ranked high in terms of human development, as well as gradually improving economic freedom. Poland is the fifth largest economy in the European Union and among the fastest rising economic states in the world. Poland is one of the safest countries in the world to live in.

Warsaw is the sprawling capital of Poland. Its widely varied architecture reflects the city's long, turbulent history, from Gothic churches and neoclassical palaces to Soviet-era blocks and modern skyscrapers. The city's Old Town was restored after heavy damage during WWII. Its heart is Market Square, with pastel buildings and open-air cafes.

The city is a significant center of research and development, Business process outsourcing, Information technology outsourcing, as well as of the Polish media industry. The Warsaw Stock Exchange is the largest and most important in Central and Eastern Europe. Frontex, the European Union agency for external border security as well as ODIHR, one of the principal institutions of the Organization for Security and Cooperation in Europe have their headquarters in Warsaw. Together with Frankfurt, London and Paris, Warsaw is also one of the cities with the highest number of skyscrapers in the European Union.
