Welcome Message

Dear All,

Neurology-2020 welcomes you to 5th World Congress and Expo on Neurology and Mental Disorders during September 10-11, 2020 at Vancouver, Canada. which will bring together world leading researchers in the field of Neurology and its applicable areas.

Neurology-2020 is unique in its approach of encouraging a dialogue between the basic and clinical scientists. We expect to have these dialogues both during scientific sessions and networking time. We hope to make the summit particularly educational and inspiring for young scientists who will get an opportunity to interact with leading experts.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Neurology research and development.
- To identify research and practice based innovations in optimizing Neurology research.
- To debate gaps and priorities for sustainable development in optimizing Neurology research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Neurology research reforms.
- To identify opportunities for evidence-based practice in optimizing Neurology research.

Best Regards
