

# Global Congress and Expo on Nano/Molecular Medicine and Engineering

March 16-17, 2020

Nano/Molecular Medicine and Engineering-2020

Valencia, Spain

**Theme:**

*A Spectrum of Opportunities Towards Advancement on Nano Molecular  
Medicine and Engineering*

• Valencia, Spain

• +91-779-979-0002

• Nano-medicine-engineering-2020@scientificfederation.com

• <https://scientificfederation.com/nano-medicine-engineering-2020/index.php>

## Welcome Message

Dear All,

Global Congress and Expo on Nano/Molecular Medicine and Engineering (Nano/Molecular Medicine and Engineering-2020), which will be held during March 16-17, 2020 at Valencia, Spain is now an established event, attracting global participant's intent on sharing, exchanging and exploring new avenues of Nano/Molecular Medicine and Engineering and related research and latest developments. The event will have 5-6 world level (Highly cited class) Plenary speakers, established Keynote speakers, active Invited speakers and fresh contributed speakers. In addition, variety of poster presentations along with workshops and special sessions would be interested in audience.

### Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally
- Renowned leaders in Nano/Molecular Medicine and Engineering and development.
- To identify research and practice based innovations in optimizing Nano/Molecular Medicine and Engineering.
- To debate gaps and priorities for sustainable development in optimizing Nano/Molecular Medicine and Engineering and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Nano/Molecular Medicine and Engineering Reforms.
- To identify opportunities for evidence-based practice in optimizing Nano/Molecular Medicine and Engineering.

Best Regards

Nano/Molecular Medicine and Engineering Organizing Committee

---

## Sessions

- Nanoscience - Nanotechnology
- Nanomaterial and nanoparticles in nanomedicine
- Cellular and Molecular Medicine
- Bio-nanomaterial
- Nanoparticles interaction with cells and tissues
- Nanostructured for tissue regeneration, antimicrobial
- Drug delivery, diagnostics, therapy
- Medical nanoscience
- Molecular Diagnostics
- Clinical applications of nanomedicine

- Regenerative medicine
- Biomedical micro/nano devices for cellular therapy and analysis
- Molecular Genetics and Genomics
- Single molecule detection
- Tissue regeneration
- Nanotechnology in life science
- Nanomaterials
- Molecular nanotechnology
- Nanotechnology in life science
- Nano Engineering
- Nanomedicine - Pharmaceuticals
- Microfluidics

**For Abstracts Submission:**

<https://scientificfederation.com/nano-medicine-engineering-2020/abstract-submission.php>

**Registration link:**

<https://scientificfederation.com/nano-medicine-engineering-2020/registration.php>

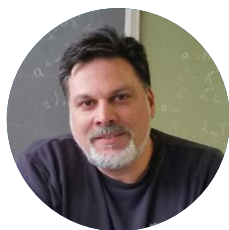

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes Through quality, safety and staffing.

## Organizing Committee Members

**Fabio Beltram**

Gorizia, Italy

**Elias Sakellis**

University of Athens, Greece

**Norman Shealy**

President of shealy- Sorin Wellness, USA

**Elsayed Elnashar**

Kaferelsheikh University, Egypt

**Masaki Otagiri**

Sojo University, Japan

**Valery A. Petrenko**  
Auburn University, Alabama

**Majid Ghassemi**  
Majid Ghassemi, Iran

**Osman Adiguzel**  
Firat University, Turkey

**Roozbeh Naemi**  
Staffordshire University, UK

## Plenary Speakers

**Masaki Otagiri**  
Sojo University, Japan

**Norman Shealy**  
President of shealy- Sorin Wellness,  
USA

**Roozbeh Naemi**  
Staffordshire University,  
UK

**Felix Konotey-Ahulu**  
University of Cape Coast, Ghana

## Keynote Speakers

**Fabio Beltram**  
Gorizia, Italy

**Valery A. Petrenko**  
Auburn University, Alabama

**Elias Sakellis**  
University of Athens, Greece

**Osman Adiguzel**  
Firat University, Turkey

**Majid Ghassemi**  
Majid Ghassemi, Iran

## About Venue

Valencia was founded as a Roman colony by the consul Decimus Junius Brutus Callaicus in 138 BC, and called Valentia Edetanorum. In 714 Moroccan and Arab Moors occupied the city, introducing their language, religion and customs; they implemented improved irrigation systems and the cultivation of new crops as well. Valencia was the capital of the Taifa of Valencia. In 1238 the Christian king James I of Aragon conquered the city and divided the land among the nobles who helped him conquer it, as witnessed in the Llibre del Repartiment. He also created a new law for the city, the Furs of Valencia, which were extended to the rest of the Kingdom of Valencia. In the 18th century Philip V of Spain abolished the privileges as punishment to the kingdom of Valencia for aligning with the Habsburg side in the War of the Spanish Succession. Valencia was the capital of Spain when Joseph Bonaparte moved the Court there in the summer of 1812. It also served as capital between 1936 and 1937, during the Second Spanish Republic.
