Welcome Message

Medimaging-2020 welcomes you to Global congress and Expo on Medical imaging & Case Reports during April 20-21, 2020 at Vancouver, Canada, which will bring together world leading researchers in the field of Medical imaging and it's case reports.

Medimaging-2020 will provide an excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry.

This program provides two days of robust discussions on recent advancements and new strategies for development of Medical imaging in different fields for global requirements.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Medicalimaging research and development.
- To identify research and practice based innovations in optimizing Medical imaging Research.
- To debate gaps and priorities for sustainable development in optimizing Medical imaging research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Medical imaging research reforms.
- To identify opportunities for evidence-based practice in optimizing medical imaging research.

Best Regards
