Welcome Message

Dear All,

Industrial Engineering Applications-2020 welcomes you to 2nd Global Congress and Expo on Industrial Engineering and Applications during September 07-08, 2020 at Vancouver, Canada. which will bring together world leading researchers in the field of Industrial Engineering and Applications. Industrial Engineering Applications-2020 will provide an excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry. This program provides two days of robust discussions on recent advancements and new strategies for development Of Industrial Engineering in different fields for global requirements.

Conference Objectives:

- To Facilitate Opportunities for Networking, Collaboration and Exchange of Ideas with Internationally
- Renowned Leaders in Industrial Engineering Research and Development.
- To Identify Research and Practice Based Innovations in Optimizing Industrial Research.
- To Debate Gaps and Priorities for Sustainable Development in Optimizing Industrial Research and Development.
- To Discuss and Debate The Challenges and Opportunities in The New Era of Optimizing Industrial Research Reforms.
- To Identify Opportunities for Evidence-Based Practice in Optimizing Industrial Research.

Best Regards
Industrial Engineering Organizing Committee

Sessions

- Decision Analysis and Methods
- Engineering Education and Training
- Global Manufacturing and Management
- Healthcare Systems and Management
- Human Factors
- Information Processing and Engineering
- Operations Research
- Production Planning and Control
- Project Management
- Quality Control and Management
- Reliability and Maintenance Engineering
- Safety, Security and Risk Management
- Systems Modeling and Simulation
- Technology and Knowledge Management

- Big Data and Analytics
- Industrial and Manufacturing Automation
- Artificial Intelligence in Manufacturing and its applications
- Mechatronics, Robotics and Telecommunications
- Computer Aided Design and Manufacturing
- Dynamical Control Systems and Intelligent Systems
- Operations Research and Supply Chain Management
- Advanced Robotics Technology and Flexible Automation
- Industry management and Quality Engineering
- Advanced Bio manufacturing and Laser Processing Technologies
- Industrial Robotics, Automation and Mechanical Control
- Manufacturing Models, Planning and Scheduling
- Surface modification technologies
- Industrial engineering and systems management
- Quality Control and Construction Management
- Data Mining and Machine Learning
- Digital Literacy
- Defense Logistic
- Healthcare Operations Management
- Human Resources Management
- Industrial Entrepreneurship
- Information Management and Communication Systems
- Management of Manufacturing and Service Processes
- Production and Service Processes Design
- Quality and Environmental Management Systems
- Sales & Operation Planning
- Service Design and Innovation
- Simulation and Modeling of Production Systems
- Construction Management
- Entrepreneurship and Innovation
- Facilities Planning and Management
- Financial Engineering
- Inventory Management
- Product Design and Development
- Product Lifecycle Management
- Production Planning and Management
- Reliability and Maintenance
- Sensors and Sensing Systems
- Sustainable Manufacturing
- Service Systems and Service Management
- Systems Engineering
- Technology Management
- Waste Management
- Mechanical and Material Engineering
- E-Business and E-Commerce
- Statistics and Empirical Research

For Abstracts Submission:

<https://scientificfederation.com/industrial-engineering-applications-2020/abstract-submission.php>

Registration link:

<https://scientificfederation.com/industrial-engineering-applications-2020/registration.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes Through quality, safety and staffing.

Organizing Committee Members

Fantahun M Defersha

School of Engineering, University of Guelph, Canada

Bassim Abbassi

University of Guelph, Canada

Kiarash Aminollahi

University of Concordia, Canada

Siyuan He

Ryerson University, Canada

Hadis Karimipour

University of Guelph, Canada

Sami Ammar

Polytechnique Montreal, Canada

Pamela McCauley

University of Central Florida, USA

Trafalis Theodore B

University of Oklahoma, USA

Kamareddine Fairouz D

Heriot-Watt University, UK

David Crowther

De Montfort University, UK

Lingai Luo

Centre National de la Recherche Scientifique, Nantes, France

Xue Dongfeng

Chinese Academy of Sciences, China

Sanjeev Kumar

JC Bose University of Science & Technology, India

Jürgen Pilz

Institute of Statistics Alpen Adria University Klagenfurt

Jayanna Kanchikere

JNT University, India

Ihsan Sabuncuoglu

Abdullah Gul University, Turkey

Waleola Akinfiresoye

Rufus Giwa Polytechnic, Nigeria

Maatouk Khoukhi

United Arab Emirates University, United Arab Emirates

Walid Abdul Kader

University of Windsor, Canada

Samy Oraby

Pharos University in Alexandri, Egypt

About Venue

Vancouver, a bustling west coast seaport in British Columbia, is among Canada's densest, most ethnically diverse cities. A popular filming location, it's surrounded by mountains, and also has thriving art, theatre and music scenes. Vancouver Art Gallery is known for its works by regional artists, while the Museum of Anthropology houses preeminent First Nations collections.
