Welcome Message

Dear All,

Applied Science-Engineering-2020 welcomes you to join in our upcoming conference 4th Global Congress and Expo on Engineering Technology and Applied Science during September 10-11, 2020 at Vancouver, Canada, which will bring together world leading researchers in the field of Applied Science-Engineering and it's applicable sciences.

Applied Science-Engineering-2020 will provide an excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry. This program provides two days of robust discussions on recent advancements and new strategies for development of Applied Science-Engineering in different fields for global requirements.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally
- Renowned leaders in Applied Science Research and development.
- To identify research and practice based innovations in optimizing Applied Science Research.
- To debate gaps and priorities for sustainable development in optimizing Applied Science research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Applied Science Research Reforms.
- To identify opportunities for evidence-based practice in optimizing Applied Science research.

Best Regards

Applied Science-Engineering Organizing Committee

Sessions

- Applied Physics
- Materials Chemistry and Sustainable Chemistry
- Materials Science & Engineering
- Energy Materials and Semiconductors
- Mining and Metallurgy
- Surface Science and Engineering
- Biomaterials and Tissue Engineering
- Nanomaterials and Nanocomposites
- Ceramic Materials
- Biomedical Engineering

- Mechanical Engineering
- Power & Energy Engineering
- Aeronautics & Aerospace Engineering
- Data Mining and Knowledge Discovery
- Electronic, Optical and Magnetic Materials
- Industrial Coating Materials
- Theoretical and Computational Chemistry
