## Welcome Message

Dear All,

Biochemistry and Molecular Biology Conference welcomes you to Global Congress and Expo on Biochemistry and Molecular Biology during March 26-27, 2020 at Krakow, Poland which will bring together world leaders in their respective fields in the fascinating environment of Krakow, Poland. Biochemistry and Molecular Biology Conference is to explore on Current Issues of Biochemistry, Bioinformatics, Biophysics, Cancer biology, Enzymology, Gene regulation, Microbiology, Bioluminescence, Computational biology, Molecular medicine, Molecular development medicine, Proteomics, Theoretical bases of biotechnology, Metabolism and Gene expression, Clinical pathology, Pharmacology and Toxicology, Gene regulation, Nano biochemistry. This event gives a chance for all the professionals to gain and share information on Biochemistry and Molecular biology. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of Poland

### Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Biochemistry and Molecular Biology.
- To identify research and practice based innovations in optimizing Biochemistry and Molecular Biology.
- To debate gaps and priorities for sustainable development in optimizing Biochemistry and Molecular Biology.
- To discuss and debate the challenges and opportunities in the new era of optimizing Biochemistry and Molecular Biology.
- To identify opportunities for evidence-based practice in optimizing Biochemistry and Molecular Biology.

We look forward to seeing you in Poland in March, 2020...!!!

Best Regards

Global Congress and Expo on Biochemistry and Molecular Biology

---

### Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Biochemistry and Molecular Biology which brings well versed scrutinizers at one place.

## Sessions

- Bioinformatics and Computational Biology
- Biochemistry
- Bioluminescence
- Molecular development medicine
- Metabolism and Gene expression
- Theoretical bases of biotechnology
- Microbial Biochemistry and Biotechnology
- Cancer biology
- Gene regulation

### For Abstracts Submission:

<https://scientificfederation.com/biomolecular-biology-2020/abstract-submission.php>

### Registration link:

<https://scientificfederation.com/biomolecular-biology-2020/registration.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes Through quality, safety and staffing.

## Organizing Committee Members

Jürgen Bereiter-Hahn  
University Frankfurt, Germany

Mohammad Sakhawat  
Hussain  
Birmingham City University, UK

Mouloud Kecha  
University A.MIRA of Bejaia

Luisa Arvide  
University of Almería, Spain

Tarek Mohamed Kamal Motawi  
The University of Isfahan, Iran

Mojtaba Mafi  
Tehran university, Iran

Jaleel Kareem Ahmed  
Babylon University, Iraq

Wolfram Weckwerth  
University of Vienna, Austria

Masoud Dadashi

Shahid Beheshti University of Medical  
Sciences, Tehran, Iran

## Sponsors and Exhibitors Information

Scientific Federation Meetings are one of the leading international conferences around the globe. Game-changing developments, such as the deployment of new domain extensions, and the emergence of disruptive and creative business models are enabled by decisions taken at this platform and it's not just for techies! Representatives from the global business community, governments, industry insiders, and many other contributors whose work affects the Federation of the global Internet will attend. Scientific Federation Sponsorship opens the door to this select and sophisticated audience. We encourage you to take advantage of this unique opportunity to participate as a sponsor. Choose a package that meets your particular marketing objectives, or talk with our staff about creating a marketing program that is uniquely yours.

Adding value to the Scientific Federation experience while integrating your brand's products will not only showcase the authenticity of the brand, but will result in great, objective 3rd party recognition that will move the influencer needle. This is more than a marketing play. It's about creating experiences that will resonate long After your brand strikes its activations.

When your brand purchases a Sponsorship package, it is committing itself to delivering experiential relevance and value to thousands of industry influencers including press, creative's and their millions of collective followers, who have come to expect nothing less from Scientific Federation and its partners.

Through activations, product integration, social media and logo placement, your brand has the tools to educate, entertain and engage a captive audience on what it is doing to make a difference in the global Scientific Community. So put your best foot forward. Visualize this partnership through the eyes of our attendees...!!!

## About Venue

Poland is an Eastern Europe country on the Baltic Sea known for its medieval architecture. Poland has a population of 38.5 million making it the 34th most populous country in the world with Warsaw as its capital and largest city. There are 14 heritage sites inscribed on the UNESCO World Heritage and 54 Historical Monuments and many objects of cultural heritage in Poland. Poland was ranked high in terms of human development, as well as gradually improving economic freedom. Poland is the fifth largest economy in the European Union and among the fastest rising economic states in the world. Poland is one of the safest countries in the world to live in.

Warsaw is the sprawling capital of Poland. Its widely varied architecture reflects the city's long, turbulent history, from Gothic churches and neoclassical palaces to Soviet-era blocks and modern skyscrapers. The city's Old Town was restored after heavy damage during WWII. Its heart is Market Square, with pastel buildings and open-air cafes.

The city is a significant center of research and development, Business process outsourcing, Information technology outsourcing, as well as of the Polish media industry. The Warsaw Stock Exchange is the largest and most important in Central and Eastern Europe. Frontex, the European Union agency for external border security as well as ODIHR, one of the principal institutions of the Organization for Security and Cooperation in Europe have their headquarters in Warsaw. Together with Frankfurt, London and Paris, Warsaw is also one of the cities with the highest number of skyscrapers in the European Union.
