Welcome Message

Dear All,

Welcome to all Renowned Personalities!!!

Renewable & Non Renewable Energy Sources conference will be held on **November 09-11, 2017 Valencia, Spain** with the theme *"Trends in energy efficiency and renewable energy management "*. The conference is focus on new Green Technologies to ensure clean, reliable and affordable Renewable Energy supplies. It provides an opportunity and open forum to exchange information, share experiences and best practices by bringing together experts, investors and other multi stake holders.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in health and social care.a
- To identify research and practice-based innovations in optimizing health and social care.
- To identify opportunities for evidence-based practice in health and social care.
- To examine strategies for transformational change in health and social care.

We look forward to seeing you in Valencia in November-2017...!!!

Best Regards

Renewable & Non Renewable -2017 Organizing Committee

Conference Highlights

Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Renewable & Non Renewable Energy which brings well versed scrutinizers at one place.

- Community Ophthalmology
- Solar Power Generation
- Wind Power Generation
- Hydro Power Plants
- Hybrid Power Systems
- Thermal Power Generation
- Fossil and Radioactive Fuels
- Nuclear Power Generation
- The impact of climate change
- Bio Energy
- Geothermal Energy
- Waste Energy
- Marine Energy
- Global trends in Renewable energy Commercialization & Investment
- Biomass, Bio-fuels, Bio-gas
- Energy & Resource Recovery
- Small Hydro-Power
- Energy Storage
- Energy Efficiency, Technologies and Energy Management
- Geothermal Energy
- Waste-to-Energy
- Waste Recycling

For Abstracts Submission: <http://scientificfederation.com/renewable-energy-2017/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Ioannis V. Yentekakis
*Technical University of Crete
chania, Greece*

Ali Cheknane
*Amar Telidji University of Laghouat
Algeria*

Eduardo Sabio
*University of Extremadura
Spain*

Mahmood Shafiee
*Cranfield University
Bedford*

Kourosh Behzadian
*Amirkabir University of Technology
UK*

Jian Wang
*Kingston University
UK*

P Shanmugam
*CSIR-Central Leather Research Institute
Adyar, India*

Subhransu Sekhar Dash
SRM University, India

Santiago Silvestre Berges
*UPC BarcelonaTech
Spain*

Orhan İnce
*Istanbul Technical University
Turkey*

Silvia Roman
*University of Extremadura
Spain*

Fabrizio Cappa
*University Cattolica del Sacro Cuore
Session, Italy*

Omar Chaalal
*U.A.E University
Abu Dhabi*

Udo Schwingschlogl
*King Abdullah University
Saudi Arabia*

Sponsors and Exhibitors Information

Scientific Federation Meetings are one of the leading international conferences around the globe. Game-changing developments, such as the deployment of new domain extensions, and the emergence of disruptive and creative business models are enabled by decisions taken at this platform and it's not just for techies! Representatives from the global business community, governments, industry insiders, and many other contributors whose work affects the Federation of the global Internet will attend. Scientific Federation Sponsorship opens the door to this select and sophisticated audience. We encourage you to take advantage of this unique opportunity to participate as a sponsor. Choose a package that meets your particular marketing objectives, or talk with our staff about creating a marketing program that is uniquely yours.

Adding value to the Scientific Federation experience while integrating your brand's products will not only showcase the authenticity of the brand, but will result in great, objective 3rd party recognition that will move the influencer needle. This is more than a marketing play. It's about creating experiences that will resonate long after your brand strikes its activations.

When your brand purchases a Sponsorship package, it is committing itself to delivering experiential relevance and value to thousands of industry influencers including press, creative's and their millions of collective followers, who have come to expect nothing less from Scientific Federation and its partners. Through activations, product integration, social media and logo placement, your brand has the tools to educate, entertain and engage a captive audience on what it is doing to make a difference in the global Scientific Community. So put your best foot forward.

Visualize this partnership through the eyes of our attendees...!!!

About Valencia

Valencia, the name itself brings up the images of sun, oranges and sand. The third-largest city is a magnificent place, content for Madrid and Barcelona to grab the headlines while it gets on with being a wonderfully liveable city with thriving cultural, eating and nightlife scenes. . Valencia is Spain's third largest metropolitan area, with a population ranging from 1.7 to 2.5 million. The city is situated on the banks of the Turia, on the east coast of the Iberian Peninsula, fronting the Gulf of Valencia on the Mediterranean Sea. Its historic centre is one of the largest in Spain, with approximately 169 hectares; this heritage of ancient monuments, views and cultural attractions makes Valencia one of the country's most popular tourist destinations.

Valencia is a bilingual city. Valencian and Spanish are the two official languages Valencia is a perfect place to live and be outside enjoying the River Gardens, sitting at a café or exploring the mountains and fields that surround the city. It is located at the Mediterranean sea, and you will find beaches right in the very heart of it. During the summer-months it is heavily visited by tourists, at the beach, with fantastic possibilities for any kind of sports (golf, diving, cycling, tennis, etc. are all very popular here) and a boiling nightlife, together with an ample cultural offer.
