Welcome Message

Dear All,

Sustainable Energy-2020 welcomes you to join in our upcoming conference **Renewable and Sustainable Energies** during July 16-17, 2020 at Las Vegas, USA which will bring together world leading researchers in the field Renewable and Sustainable Energies. **Sustainable Energy -2020** will provide an excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry. This program provides two days of robust discussions on recent advancements and new strategies for development of Renewable and Sustainable Energies.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Renewable and Sustainable Energies.
- To identify research and practice based innovations in Renewable and Sustainable Energies.
- To debate gaps and priorities for sustainable development in Renewable and Sustainable Energies.
- To discuss and debate the challenges and opportunities in the new era of Renewable and Sustainable Energies.
- To identify opportunities for evidence-based practice in Renewable and Sustainable Energies.

Best Regards

Sustainable Energy-2020

Sessions

- Renewable Energy
- Climate Change
- Sources of Energy
- Biofuels
- Hydropower
- Solar Energy
- Biomass
- Tidal Power
- Wind Energy
- Wave Energy
- Geothermal Energy
- Photovoltaic

- Ocean or Marine Energy
- Energy Efficiency
- Energy Storage
- Smart Grids
- Distributed Renewable Energy Systems
- Hybrid Renewable Energy Sources
- Hydrogen Energy
- Sustainable Energy
- Green Energy
- Waste-to-Energy
- Chemical Batteries
- Emerging Technology

For Abstracts Submission:

Registration link:

<https://scientificfederation.com/sustainable-energy-2020/registration.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Banyai Tamas

University of Miskolc, Hungary

Guoqian Chen

Peking University, China

Wenxian Yang

Newcastle University, United Kingdom

Gordon Huang

University of Regina, Canada

Issam Khatib

Birzeit University, Israel

Majeda Khraisheh

Qatar University, Qatar

Yan Song

Harbin Institute of Technology, China

Rania Mona Alqaralleh RM

University of Ottawa, Canada

Alex Teng

Liverpool John Moores University
United Kingdom

Ali CHEKNANE

Amar Telidji University of Laghouat
Algeria

Hedayat Omidvar

National Iranian Gas Company, Iran

Loai AlJurf

Damascus University, Syria

Wassila ISSAADI

University of Bejaia, Algeria

Ali H. Reshak

University of Basra, Basra –IRAQ

Yves Demazeau

University Domain of Saint-Martin-d'HÃˆres
France

About Venue

Las Vegas is the most populous city in Nevada, the seat of Clark County, and an internationally eminent significant resort city for gaming, shopping and fine eating. The city earned the title as Sin City, and this image has made Las Vegas a popular setting for films and television programs. Las Vegas, which charges itself as The Entertainment Capital of the World, is renowned for the number of casino resorts and associated entertainment. A developing retirement and family city, it is the 28th most crowded city in the United States.

The primary drivers of the Las Vegas economy are tourism, gaming, and conventions, which in turn feed the retail and restaurant industries. The major attractions in Las Vegas are the casinos and the hotels. Most of the hotel casinos are in the city's downtown area, which has been the focal point of the city's gaming industry since its early days. Most casinos are downtown on the Fremont Street Experience.
