

**Plant Science  
2020**

3<sup>rd</sup> World Conference on

**Plant Science &  
Molecular Biology**

June 18-19, 2020 | Russian Federation

**Theme:  
Exploring Emerging Technologies in  
Plant Science & Molecular Biology**

Dear All,

Scientific federation welcomes you to attend the **3<sup>rd</sup> World Conference on Plant Science & Molecular Biology** which is going to be held in **Saint Petersburg, Russian Federation** during **June 18-19, 2020**.

We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Plant Science and Molecular Biology.

**Plant Science-2020** anticipates more than 300+ participants around the globe with thought provoking plenary sessions, keynote lectures, oral presentations and poster presentations. The attending delegates include International Editorial Board Members of related International Journals. This is an excellent opportunity for the delegates from international Universities and Institutes to interact with the world class Scientists.

This will bring together world leaders in their respective fields in the fascinating environment of Saint Petersburg, Russian Federation. Plant Science-2020 Conference is to explore on Current Issues of **Exploring Emerging Technologies in Plant Science & Molecular Biology**. The main purpose of the **Plant Science-2020** is to promote unique research and real-world Influence in an atmosphere of true international cooperation between international researches by bringing together new plant biology and molecular biology information again the world class scientists, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Plant Science and Molecular Biology with colleagues from different countries and other parts of **Russian Federation**.

## ○ Conference Objectives

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Plant Science and Molecular Biology.
- To identify research and practice based innovations in optimizing Plant Science and Molecular Biology research and development.
- To debate gaps and priorities for sustainable development in optimizing Plant Science and Molecular Biology research and development.

**We look forward to seeing you in Russian Federation in June, 2020...!!!**

**Best Regards**  
**Plant Science and Molecular Biology-2020**  
**Organizing Committee**

**Plant Science**  
**2020**

## ○ Conference Highlights

The Scientific Federation presents to you a tremendous chance to be a part of this organization to world class personalities, scientific delegates, young research scholars and young scientists to participate in this program to utilize the expertise and novelties that brings a new era for innovations in the fields of Plant Science and Molecular Biology which brings well versed scrutinizers at one place.

- ◆ Plant Biology
- ◆ Plant Tissue Culture
- ◆ Plant Biotechnology
- ◆ Plant Genomics
- ◆ Plant Molecular Biology
- ◆ Plant Cell Biology
- ◆ Plant Biochemistry and Plant Physiology
- ◆ Plant Synthetic Biology
- ◆ Bioinformatics In Plant Science
- ◆ Plant Genetics and Epigenetic
- ◆ Agriculture and Agronomy research
- ◆ Plant morphology and metabolism
- ◆ Plant Nanotechnology
- ◆ Biodiversity and Plant Ecology
- ◆ Plant Science and Natural Products
- ◆ Plant Breeding and Development
- ◆ Plant Nutrition and Soil Science
- ◆ Forest Science and Technology
- ◆ Antibiotics and Medicinal Plant
- ◆ Horticulture and Landscaping
- ◆ Crop Research & Seed Science Technology
- ◆ Agricultural and Industrial Byproducts- Business - new realities
- ◆ Plant Diseases and Bryology
- ◆ Plants and Climate change- overcoming measures
- ◆ Agricultural Meteorology & Agri Economics
- ◆ Plant metabolic engineering
- ◆ Plant ecology and taxonomy
- ◆ Medicinal plant science
- ◆ Chemical reaction in plant
- ◆ Aquatic plants ecology
- ◆ Phytochemical analysis
- ◆ Plant Hormones and plant Plastics
- ◆ Plant genetics and genomics
- ◆ Plant Fertilizers and Pesticides
- ◆ Herbal medicine
- ◆ Plant Anatomy
- ◆ Plant Neurobiology

&gt;&gt;more..

Abstract submission link: <https://www.scientificfederation.com/plant-science-2020/abstract-submission.php>

Registration link: <https://www.scientificfederation.com/plant-science-2020/registration.php>

For more information: <https://www.scientificfederation.com/plant-science-2020/>

## ○ Who can Attend?

- ◆ Plant Genomics Students, Scientists
- ◆ Plant Genomics Researchers
- ◆ Plant Genomics Faculty
- ◆ Agricultural Colleges
- ◆ Plant and Agriculture Associations and Societies
- ◆ Business Entrepreneurs
- ◆ Training Institutes
- ◆ Software developing companies
- ◆ Manufacturing Agricultural Devices Companies
- ◆ R&D Laboratories
- ◆ Horticulture and Landscaping
- ◆ Plant Science Faculty
- ◆ Plant Science / Agricultural Students, Scientists
- ◆ Mycology and phycology

&gt;&gt;more..

**Plant Science  
2020  
3**

## ○ Organizing Committee Members

**Veeranoot Nissapatorn**  
Walailak University  
Malaysia

**Saïd El Madidi**  
Ibn Zohr University  
Morocco

**Agepati SRaghavendra**  
Hyderabad University  
India

**Saeed Mollaei**  
Azarbaijan Shahid  
Madani University, Iran

**Akas Pinarigan**  
Kartini University  
Indonesia

**Nasrallah M. Deraz**  
National Research Center  
Egypt

**Dickson Adom**  
Kwame Nkrumah University  
of Science and Technology  
Ghana

**Elhadjiseydou Mbaye**  
Aristide Le Dantec Hospital Dakar  
Senegal

**Mamdouh Ibrahim Nassar**  
Cairo University  
Egypt

**Odunze Azubuikwe Chidowe**  
Ahmadu Bello University  
Nigeria

○ **Keynote Speakers**

**Diego Hojsgaard**  
University of Goettingen  
Germany

## ○ About Venue

[www.scientificfederation.com](http://www.scientificfederation.com)

Saint Petersburg is a city on the port of the Gulf of Finland. Established in 1703 as Russia's "Window on Europe" by Peter the Great, St. Petersburg is Russia's second largest city and bears the unofficial status of the country's cultural capital and the most European city and has witnessed some of the most important historical events. Moreover, the famous bridges and natural canals of the river have earned St. Petersburg another name "Venice of the North" Because of its unique architecture. St. Petersburg is also very famous for their special creative climate that attracts artists, writers and dreamers.

Saint Petersburg is rightly called the world's cultural capital. The historical centre of the city is protected by UNESCO. The city boasts world-famous museums, theatres, galleries, architectural monuments, cultural and educational institutions: There are many museums of which the most famous is the Hermitage, Russian National Library, St. Isaac's Cathedral, and the Russian Museum are just four of them. Many people visit St. Petersburg to familiarize themselves with Russia's great culture: visit the best shows, concerts, exhibitions, and festivals. Saint Petersburg is the home town of renowned Russian rock groups: Aquarium, Alisa, Kino, Auction, Picnic, and many others.

## ○ Venue Attractions

## ○ Important Dates

**Abstract Submission Opens: June 15, 2019**

**Registration Opens: June 15, 2019**

**Early Bird Registration: November 16, 2019**

**Abstract Submission Deadline: December 25, 2019**

**Standard Registration: December 27, 2019**

**On Spot Registration: June 18, 2020**
