Welcome Message

Dear All,

We look forward to welcome delegates to this exciting **2nd World Conference & Expo on Petrochemistry & Natural Resources** during **October 23-25, 2017 in Abu Dhabi, UAE** which will bring together world leaders in their respective fields in the fascinating environment of Abu Dhabi. The city has become a great tourist attraction offering to the visitors a range of facilities from traditional bazaars and modern shopping centers to advanced knowledge research centers.

The **2nd World Conference & Expo on Petrochemistry & Natural Resources** will host leading scientists from academia and industry worldwide, to discuss the latest developments in the fields of Petrochemistry & Natural Resources. The conference aims to providing new opportunities and challenges to explore to the scientists and engineers.

Conference Objectives:

- Assemble researchers from diverse scientific and academic settings from around the world to participate in critical debate.
- Promote and advance a body of cognizance with pertinence to Petrochemistry & Natural Resources.
- Facilitate sharing and collaboration between world class researchers.

We look forward to seeing you in Abu Dhabi in October, 2017...!!!

Best Regards

Petrochemistry-2017 Organizing Committee

Conference Highlights

Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Petrochemistry & Natural Resources which brings well versed scrutinizers at one place.

- Renewable Energy Sources
- Oil, Gas & Water Management
- Petroleum Exploration & Field Management
- Petroleum Engineering
- Energy and Environment Nexus
- Coal and Natural Gas
- Sustainable Energy Technologies
- Chemical Reaction Engineering and its Applications
- Nano Science Technology
- Chemical Applications in Producing Oil and Gas
- Reservoir Engineering
- Modeling and Simulation Technologies
- Geology & Exploration
- Petrochemistry in Industries
- Trends in Natural Resources
- Sustainable Business in Petrochemical Industries
- Conventional & Unconventional Resources
- Recent Advancements in Petrochemistry

About Abu Dhabi

Abu Dhabi, the capital of the United Arab Emirates, sits off the mainland on an island in the Persian (Arabian) Gulf. Its focus on oil exports and commerce is reflected by the skyline's modern towers and shopping megacenters such as Abu Dhabi and Marina malls. Beneath white-marble domes, the vast Sheikh Zayed Grand Mosque features an immense Persian carpet, crystal chandeliers and capacity for 41,000 worshippers.
