

International Conference on

# Bioequivalence & Bioavailability

December 04-06, 2017 San Francisco, USA

*Theme: Discovering And Implementation of New Scientific Knowledge  
In The Fields Of Bioequivalence & Bioavailability*

**Scientific Federation**

T: +91-779-979-0001/+91-779-979-0002

Email: [contact@scientificfederation.com](mailto:contact@scientificfederation.com) | Web: [scientificfederation.com](http://scientificfederation.com)

## Welcome Message

Dear All,

Bioequivalence & Bioavailability Conference welcomes you to **International Conference on Bioequivalence & Bioavailability** during **December 4-5-6, 2017 at San Francisco, USA** which will bring together world leaders in their respective fields in the fascinating environment of San Francisco, USA. Bioequivalence & Bioavailability Conference is to explore advances in BEBA, Drug Bioavailability, Challenges in Drug Developments, Challenges in Drug Designing, Nutrient Bioavailability, Factors affecting Bioavailability, Bioavailability Studies, Bioequivalence Studies, Clinical Pharmacology and Therapeutics, Bioanalytical Methodology, Relevance of Genetics to BA/BE in Drug Development, Bioavailability, Bioequivalence and Drug Product Selection, Advances in Assessment of Bioequivalence. This event gives a chance for all the professionals to gain and share information on "**Bioequivalence & Bioavailability issues and research.**" We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of USA.

### Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Bioequivalence & Bioavailability research.
- To identify research and practice based innovations in optimizing Bioequivalence & Bioavailability research.
- To debate gaps and priorities for sustainable development in optimizing Bioequivalence & Bioavailability research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Bioequivalence & Bioavailability research reforms.
- To identify opportunities for evidence-based practice in optimizing Bioequivalence & Bioavailability research and development.

We look forward to seeing you in San Francisco December, 2017...!!!

**Best Regards**

Bioequivalence & Bioavailability Organizing Committee

## Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Bioequivalence & Bioavailability which brings well versed scrutinizers at one place.

- Advances in BEBA
- Drug Bioavailability
- Challenges in Drug Developments
- Challenges in Drug Designing
- Nutrient Bioavailability
- Factors affecting Bioavailability
- Bioavailability Studies
- Bioequivalence Studies
- Clinical Pharmacology and Therapeutics
- Bioanalytical Methodology
- Relevance of Genetics to BA/BE in Drug Development
- Bioavailability, Bioequivalence and Drug Product Selection
- Advances in Assessment of Bioequivalence

For Abstracts Submission: <http://scientificfederation.com/bioequivalence-bioavailability-2017/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

## Organizing Committee Members

**Yichuan Zhao**  
Georgia State University, USA

**Emana Getu Degaga**  
Addis Ababa University, Ethiopia

**Marian Paluch**  
University of Silesia, Germany

**Wei Min Huang**  
Nanyang Technological University,  
Singapore

**Elena Binkauskiene**  
Research associate at Centre for Physical  
Science and Technology, Lithuania

**Francisco M. Marquez Linares**  
University of Turabo, USA

**Said Elshahat Abdallah**  
Kafrelsheikh University, Egypt

**Mohamed Eddouks**  
Moulay Ismail university, Morocco

## About San Francisco

San Francisco, in northern California, is a hilly city on the tip of a peninsula surrounded by the Pacific Ocean and San Francisco Bay. It's known for its year-round fog, iconic Golden Gate Bridge, cable cars and colorful Victorian houses. The Financial District's Transamerica Pyramid is its most distinctive skyscraper. In the bay sits Alcatraz Island, site of the notorious former prison.

San Francisco was founded on June 29, 1776, when colonists from Spain established Presidio of San Francisco at the Golden Gate and Mission San Francisco de Asís a few miles away, all named for St. Francis of Assisi.[8] The California Gold Rush of 1849 brought rapid growth, making it the largest city on the West Coast at the time. San Francisco became a consolidated city-county in 1856.[27] After three-quarters of the city was destroyed by the 1906 earthquake and fire,[28] San Francisco was quickly rebuilt, hosting the Panama-Pacific International Exposition nine years later. In World War II, San Francisco was a major port of embarkation for service members shipping out to the Pacific Theater.[29] It then became the birthplace of the United Nations in 1945.[30][31][32] After the war, the confluence of returning servicemen, massive immigration, liberalizing attitudes, along with the rise of the "hippie" counterculture, the Sexual Revolution, the Peace Movement growing from opposition to United States involvement in the Vietnam War, and other factors led to the Summer of Love and the gay rights movement, cementing San Francisco as a center of liberal activism in the United States. Politically, the city votes strongly along liberal Democratic Party lines.

## Important Dates

Abstract Submission Opens: November 15, 2016  
Registration opens: December 19, 2016  
Early bird registration: July 27, 2017  
Standard registration: October 27, 2017  
On spot registration: December 04, 2017

## Venue

Crown Plaza  
San Francisco, USA
