Welcome Message

Dear All,

Bacteriology Conference welcomes you to International congress and Expo in the field of Bacteriology during December 04-06, 2017 at San Francisco, USA which will bring together world leaders in their respective fields in the fascinating environment of San Francisco, USA. Bacteriology Conference is to explore advances Geomicrobiology, Aquatic microbiology, Anaerobes in infection, Circadian and cell rhythms, Macromolecular machines, Microbial genomics, Microbial mechanisms of plant pathology, Pathogenesis, Infectious Diseases, Bacterial Clinical Studies, Bacterial Identification Methods, Microbiology, Applied Bacteriology and Bacterial Pathogenesis. This event gives a chance for all the professionals to gain and share information on Bacteriology issues and research. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of United States.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Bacteriology research.
- To identify research and practice based innovations in optimizing Bacteriology research.
- To debate gaps and priorities for sustainable development in optimizing Bacteriology research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Bacteriology research reforms.
- To identify opportunities for evidence-based practice in optimizing Bacteriology research and development.

We look forward to seeing you in San Francisco in December, 2017...!!!

Best Regards

Bacteriology Organizing Committee

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Bacteriology which brings well versed scrutinizers at one place.

- Geomicrobiology
- Aquatic microbiology
- Anaerobes in infection
- Circadian and cell rhythms
- Macromolecular machines
- Microbial genomics
- Microbial mechanisms of plant pathology
- Pathogenesis
- Infectious Diseases
- Bacterial Clinical Studies
- Bacterial Identification Methods
- Microbiology
- Applied Bacteriology
- Bacterial Pathogenesis

For Abstracts Submission: <http://scientificfederation.com/bacteriology-2017/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Akira Kaji
The Johns Hopkins University, USA

Alice Alma C. Bungay
University of the Philippines, Philippines

Dongqing Wei
Shanghai Jiaotong University, China

Assad Ahmed Al-Thukair
King Fahd University of Petroleum and Minerals, Saudi Arabia

Abdulghani Mohamad Alsamarai
Tikrit University, Iraq

Mounerou Salou
University of Lome, Lome

Adel Al-Saeed
Kurdistan Region, Iraq

Mohamed Ali Mohamed El-Feky
Assiut University, Egypt

Francis J. Castellino
University of Notre Dame, USA

Nadir Musa Khalil Abuzeid
Omdurman Islamic University, Sudan

About San Francisco

San Francisco is the state capital of California and the most populous city in United States. San Francisco is often called "Everybody's Favorite City," a title earned by its scenic beauty, cultural attractions, diverse communities, and world-class cuisine. Measuring 49 square miles, this very walk-able city is dotted with landmarks like the Golden Gate Bridge, cable cars, Alcatraz and the largest Chinatown in the United States. A stroll of the City's streets can lead to Union Square, the Italian-flavored North Beach, Fisherman's Wharf, the Castro, Japan town and the Mission District, with intriguing neighborhoods to explore at every turn.

The City is home to world-class theatre, opera, symphony and ballet companies and often boasts premieres of Broadway-bound plays and culture-changing performing arts. San Francisco is one of America's greatest dining cities. The diverse cultural influences, proximity of the freshest ingredients and competitive creativity of the chefs result in unforgettable dining experiences throughout the City. San Francisco has well over 32,000 hotel rooms on offer, from first-class hotels and ultra-chic boutique hotels to familiar names in lodging and budget friendly inns.

Important Dates

Abstract submission opens: December 18, 2016

Registration Opens: December 19, 2016

Early Bird registration: July 27, 2017

Standard Registration: October 27, 2017

On spot registration: December 04, 2017

Venue

Crowne Plaza Hotel
San Francisco, USA
