About Valencia

Valencia, the third largest city in Spain, offers a great combination of city, sun and beach, with fantastic Valencia beach villas to choose from, and plenty of cool things to do! One of the most beautiful squares in Valencia is the Plaza de la Reina, or 'Queen's Square' in English, located in the old town. It's a great place to hang out, with plenty of places to eat too. Many would say that a holiday in the sun is incomplete without a visit to the beach. Luckily, the city of Valencia has many beaches along its coastline, several of which are unspoilt and undeveloped places to sit down and chill, and maybe take a dip in the lovely blue sea here. Away from the high street shops, there are a lot more interesting and independent shops dotted around where you can get all manner of things, many with an international flavour. The 'City of Arts and Sciences' in Valencia is widely recommended as a must-see for any first-time visitor to the city.
