

2nd International Conference & Expo on

# Green Chemistry and Engineering

July 23-24, 2018 at Barcelona, Spain

*Theme: Exploring the Advances and Challenges in Green  
Chemistry and Engineering*

**Scientific Federation**

T: +91-779-979-0001/+91-779-979-0002

Email: [icegce-2018@scientificfederation.com](mailto:icegce-2018@scientificfederation.com) | Web: <http://scientificfederation.com>

## Welcome Message

Dear All,

Green Chemistry and Engineering Conference welcomes you to **2nd International Conference & Expo on Green Chemistry and Engineering** during **July 23-24, 2018 at Barcelona, Spain**, which will bring together world leaders in their respective fields in the fascinating environment of Barcelona, Spain. Green Chemistry and Engineering Conference is to explore on Current Issues of Basic Principles and New Trends in Green Chemistry, Green Chemistry–Chemical Applications, Green Synthesis, Green Chemistry–Catalyst Compatibility, Green Chemical Solvents, Aromatic and Non–Aromatic Green Chemistry, Benefits of Green Chemistry, Organic Synthesis in Different States, Industrial Applications of Green Chemistry, Analytical Methodologies, Sustainability and Environmental Safety, Green Chemistry and Engineering. This event gives a chance for all the professionals to gain and share information on Green Chemistry and Engineering.

### Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Green Chemistry and Engineering research.
- To identify research and practice based innovations in optimizing Green Chemistry and Engineering research and development.
- To debate gaps and priorities for sustainable development in optimizing Green Chemistry and Engineering and Engineering research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Green Chemistry and Engineering research and development reforms.
- To identify opportunities for evidence–based practice in optimizing Green Chemistry and Engineering research and development.

**We look forward to seeing you in Barcelona in July, 2018...!!!**

Best Regards

**Green Chemistry and Engineering Organizing Committee**

## Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Green Chemistry and Engineering which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at ICEGCE–2018. We request you to submit a brief idea or abstract of your talk/presentation/symposium/workshop according to your session interest. Please follow the format of our Sample Template.

- Basic Principles and New Trends in Green Chemistry
- Green Chemistry-Chemical Applications
- Green Synthesis
- Green Chemistry-Catalyst Compatibility
- Green Chemical Solvents
- Aromatic and Non-Aromatic Green Chemistry
- Benefits of Green Chemistry
- Organic Synthesis in Different States
- Industrial Applications of Green Chemistry
- Analytical Methodologies
- Sustainability and Environmental Safety
- Green Chemistry and Engineering

For Abstracts Submission: <http://scientificfederation.com/green-chemistry-2018/abstract-submission.php>  
Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

## Organizing Committee Members

**Alireza Heidari**  
American International Standards  
Institute, USA

**Sabyasachi Sarkar**  
Indian Institute of Engineering Science  
and Technology, India

**Mohamed Nageeb Rashed**  
Aswan University - Egypt

**Maha Abdel Monem Hegazy**  
Cairo University, Egypt

**Hikmat Hilal**  
An-Najah national University,  
Palestine

**Omprakash H. Nautiyal**  
LPU (Lovely Professional University),  
India

**C. K. MAHADEVAN**  
PSN College of Engineering &  
Technology, India

**Rajasree Rao**  
St. Peter's Engineering College,  
India

## Glimpses of Previous Conferences

## About Barcelona

Barcelona, the cosmopolitan capital of Spain's Catalonia region, is known for its art and architecture. The fantastical Sagrada Família church and other modernist landmarks designed by Antoni Gaudí dot the city. Museu Picasso and Fundació Joan Miró feature modern art by their namesakes. City history museum MUHBA, includes several Roman archaeological sites.

Barcelona, located at the Mediterranean sea in the very north of the Spanish coast, is certainly the most cosmopolitan and economically most active city in this country. It has always proved its will to be modern, to follow the latest international tendencies or be ahead of them. To the tourist this is evident specially in its architecture, which so well reflects the general approach to life in this always pulsating city. Of course, Barcelona has an old history, and there are monuments of Romanesque, Gothic and Renaissance periods or still before, but most characteristic is what has been built during the last, say, 100 years. Barcelona has been a center of Modernist architecture and is distinguished specially by the works of genial Antoni Gaudí, who together with his great contemporaries gave new and exciting looks to it, but has remained since then at the top of modernity.

### Important Dates

Abstract Submission Opens: August 15, 2017

Registration opens: August 19, 2017

Early bird registration: October 21, 2017

On spot registration: July 23, 2018

### Venue

Barcelona, Spain
