## Welcome Message

Dear All,

Scientific Federation is pleased to announce **World Conference on Analytical & Bioanalytical Chemistry** during **July 23–24, 2018 at Barcelona, Spain**.

WCABC–2018 is a premier knowledge building event in the Analytical & Bioanalytical Chemistry division. It will be a platform for the presentations and exposures of new trends and advances of the research work to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Analytical & Bioanalytical Chemistry. Furthermore, it is opportunity to join the international community in your field of interest and experience and explore Barcelona, Spain. The conference will be highlighting the theme “**Understanding the importance and impacts of Analytical & Bioanalytical Chemistry**”.

WCABC–2018 Scientific Federation invites you to take this opportunity to join us for academic exchange and visit the city of Barcelona, Spain.

### **Young Researchers Opportunity:**

We make sure to support and motivate ‘Young Researchers’ by:

- Establishing their academic and professional relationships
- Improving their morale and confidence of presenting research in an international platform
- Interacting with expertise in their respective departments
- Clearing your inhibitions of adjusting to the foreign environment
- Providing a holistic experience of academic tourism

**Our pleasure to meet you in upcoming event...!!!**

**Best Regards**  
Conference Organizing Committee

## Organizing Committee Members

**K.V. Ramanujachary**  
Rowan University, USA

**Vakhtang Barbakadze**  
Tbilisi State Medical University  
I.Kutateladze Institute of  
Pharmacochemistry, Georgia

**Shyamal Kumar Chattopadhyay**  
Indian Institute of Engineering  
Science and Technology, India

**George Kokotos**  
University of Athens,  
Greece

**Soma Venugopal Rao**  
University of Hyderabad,  
India

**Sergio Gonzalez**  
University of Barcelona,  
Spain

**BM Rao**  
Jawaharlal Nehru  
Technological University,  
India

**Massoud Kaykhaii**  
University of Sistan and  
Baluchestan, Iran

## Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Analytical & Bioanalytical Chemistry which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at WCABC-2018. We request you to submit a brief idea or abstract of your talk/presentation/symposium/workshop according to your session interest.

- Novel Approaches to Analytical and Bioanalytical Methods
- Analytical and Bioanalytical Methodology
- Chromatographic Techniques
- Electrophoresis
- Forensic Analysis
- Environmental Analytical aspects
- Pharmaceutical Analysis
- Single Molecule Imaging and Spectroscopy
- Advances in Separation Techniques
- Advancements in Mass Spectrometry
- Applications of Analytical and Bioanalytical Methods
- Advancements in Analytical and Bioanalytical Methods
- Miniaturization
- Thermal Analysis and Glycomics
- Regulatory Issues and Bio safety Challenges in Bioanalysis
- Electrochemical analysis
- Analytical Instrumentation and Equipment
- Analytical Strategies for Biosimilars

### **For Abstracts Submission:**

<http://www.scientificfederation.com/analytical-chemistry-2018/abstract-submission.php>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

## Glimpses of Previous Conferences

## About Barcelona

Barcelona, the cosmopolitan capital of Spain's Catalonia region, is known for its art and architecture. The fantastical Sagrada Família church and other modernist landmarks designed by Antoni Gaudí dot the city. Museu Picasso and Fundació Joan Miró feature modern art by their namesakes. City history museum MUHBA, includes several Roman archaeological sites. The Olympic Harbour separates them from the other city beaches: Nova Icària, Bogatell, Mar Bella, Nova Mar Bella and Llevant. These beaches (ranging from 400 to 640 m (1,310 to 2,100 ft) were opened as a result of the city restructuring to host the 1992 Summer Olympics, when a great number of industrial buildings were demolished. At present, the beach sand is artificially replenished given that storms regularly remove large quantities of material.

### Important Dates

Abstract Submission Opens: October, 25, 2017

Registration opens: October, 30, 2017

**Early bird registration: December 21, 2017**

Standard Registration : January 25, 2018

On spot registration: July 23, 2018

### Venue

Barcelona,  
Spain

For Registration
