Welcome Message

Dear All,

Scientific Federation is delighted to welcome you all to the **International Conference on Computer Science & Cloud Computing which will be during July 26-27, 2018 at Barcelona, Spain.**

Computer science is the scientific and practical methodology to computation and its applications. Cloud computing is a kind of processing that depends on imparting computing resources where distinctive administrations. The objective of cloud computing is to apply traditional supercomputing, or high-performance computing power, ordinarily utilized by military and examination offices, to perform several trillions of computations for every second, in customer situated applications.

The International Conference on Computer Science & Cloud Computing aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Computer Science & Cloud Computing. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Computer Science & Cloud Computing. The main theme of the Computer Science & Cloud Computing-2018 conference is **"Recent Innovations in Computer Science & Cloud Computing"**.

Barcelona, the capital of Catalonia, is one of the most popular tourist destinations in Europe. The city combines modern and historic architecture in a unique way. Barcelona is one of the most popular cities of Spain and the biggest city after Madrid in country. Every now and then new attractions are discovered in Spain; existing attractions are upgraded or renovated regularly.

We look forward to seeing you in Valencia, Spain ...!!!

Best Regards
Organizing Committee

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Computer Science & Cloud Computing which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at ICCSCC-2018. We request you to submit a brief idea or abstract of your talk/presentation/symposium/workshop according to your session interest.

- Advanced Database
- Artificial Intelligence
- Computational and Artificial Intelligence
- Computer Architecture
- Computer Networks
- Computer Vision
- Data Communication and Networking
- Data Management
- Data Mining
- Embedded Systems
- Knowledge Management
- Mining Data, Text, and the Web
- Mobile Computing
- Multimedia DB
- Networks and Systems
- Operating Systems
- Parallel and Distributed Computing
- Reconfigurable Computing
- Sensor Networks
- Signal Processing
- Cloud as a Service
- Cloud Infrastructure
- Cloud Management and Operations
- Cloud Security
- Data Analytics in Cloud
- Cloud Applications
- Cloud Economics
- Computer Graphics
- Tele Communications

For Abstracts Submission: <http://www.scientificfederation.com/computer-science-2018/abstract-submission.php>
Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Nazim Agoulmine
University of Evry Val d'Essonne, France

Rhee, Phill Kyu
Inha University, Korea

Abdeen Omer
ERI, United Kingdom

Murtagh, Fionn
Greenwich University, UK

Nik Bessis
Edgehill University, United Kingdom

Barton P. Miller
The University Wisconsin Madison,
USA

Parameshwar P Iyer
Indian Institute Of Science, India

Dawit Demissie
The Sage Colleges, USA

S.S. Patil
Karnatak University, Bengaluru, India

About Barcelona

Barcelona, the cosmopolitan capital of Spain's Catalonia region, is known for its art and architecture. The fantastical Sagrada Família church and other modernist landmarks designed by Antoni Gaudí dot the city. Museu Picasso and Fundació Joan Miró feature modern art by their namesakes. City history museum MUHBA, includes several Roman archaeological sites. The Olympic Harbour separates them from the other city beaches: Nova Icària, Bogatell, Mar Bella, Nova Mar Bella and Llevant. These beaches (ranging from 400 to 640 m (1,310 to 2,100 ft) were opened as a result of the city restructuring to host the 1992 Summer Olympics, when a great number of industrial buildings were demolished. At present, the beach sand is artificially replenished given that storms regularly remove large quantities of material.

Important Dates

Abstract Submission Opens: June 01, 2017

Registration opens: June 01, 2017

Early bird registration: December 21, 2017

On spot registration: July 26, 2018

Venue

Barcelona, Spain
