Dear Colleagues, Scientists, Researchers and Friends,

On behalf of the Scientific Federation organizing committee, I am honored and delighted to welcome you to the 5th International Conference on Bio-polymers & Polymer Chemistry (ICBPC-2020) during August 17-18, 2020 at Venice, Italy.

I believe that during the two days of conference, new knowledge and ideas will be presented, exchanged, and actively discussed between participants from diverse backgrounds and different countries.

I am privileged to be Chair of this important conference. It gives me great pleasure to welcome all participants to enjoy rich, varied and attractive scientific deliberations by expert and highly experienced speakers.

At this conference let us celebrate what we, as a professional community, have achieved. Additionally our future vision is to create even greater value to all corners of the globe. We have an exciting program at this conference that will allow members to reflect upon and celebrate our networks, and jointly explore current and future research directions. It will be one for us to share our thoughts and exchange ideas on how to chart our way forward to reach new heights.

We hope that you will have a productive and fun-filled time at this very special conference, where your presence and deliberation will make this event remarkably successful in all aspects of Vaccines Research & Development. It will not be successful if we cannot create a platform of building absorptive capacity which is learning society enthusiastic and ready to assimilate and apply new knowledge.

Prof. Abbaraju Venkataraman
Gulbarga University, India
